VITALSTACK · QA

Release 4.8 Test Plan

Test cycle, setup and 105 test cases for everything added in 4.8 (theme zip 4.8.2)

Build under test	vitalstack-theme-v4.8.2.zip
Test site	Staging first, then live (smoke + practice checkout only)
Scope	Code walkthroughs · plans & coupons · buy checklist · practice & Razorpay checkout · refunds · authenticator 2FA · devices · content protection · security page · popups · regression
Test cases	93 new-feature cases (45 are P1) + 12 regression checks + responsive matrix
Tester	_____
Test dates	_____

1 Test cycle

Run the phases in order. A phase starts only when the one before it has no open P1 bug.

0 · Setup
Accounts, settings, coupons, devices (section 2)

→

1 · Smoke
SMK cases. Stop on any P1 fail

→

2 · Functional
WLK, PRC, CPN, CHK, DEM, ORD, TFA, DEV, PRT, SEC, ADS

→

3 · Payments
RZP with Razorpay Test Mode keys

→

4 · Responsive
Matrix: 320px to 1920px, light + dark

→

5 · Regression
REG list: old features unchanged

→

6 · Retest & sign-off
Re-run failed cases on the fixed zip

Priority

- **P1**: must pass before release (login, payment, access, protection, layout).
- **P2**: should pass; release only with a known workaround.
- **P3**: nice to have; can go to the next version.

Exit criteria (release OK)

- 100% of P1 cases pass; at least 95% of P2 pass.
- No open Blocker or Critical bug.
- Responsive matrix has no ☒ on P1 screens.
- All regression checks pass on desktop and phone.

How to report a bug

- **Bug ID**: BUG-001, BUG-002 … (write it in the test case's notes column).
- **Test case ID** and **page URL**.
- **Device + browser** (e.g. iPhone 13 Safari, Windows Chrome 130) and screen width.
- **Steps**, **expected**, **actual**.
- **Screenshot or screen recording**; for errors also F12 → Console screenshot.
- **Severity**: Blocker (site/payment down) · Critical (feature broken, no workaround) · Major · Minor (looks/text).

Golden rules

- Never use a real card while Razorpay is in Test Mode.
- After changing any setting: LiteSpeed → Purge All, then hard refresh.
- Use incognito windows to act as different readers.

2 Setup before testing

2.1 Accounts

Name	Role	Used for
A	Administrator	Settings, Orders, Security page, wp-login 2FA
T	Reader, email in 'Test buyer emails'	Practice checkout purchases
R1	Reader (new, real inbox)	Checklist, coupons, devices, leak finder
R2	Reader (new, real inbox)	Max-use coupon, suspend
F	Free reader (never buys)	Locked lessons, ads

2.2 Devices and browsers

- 1 Android phone (Chrome) and 1 iPhone (Safari) if possible.
- 1 laptop with Chrome + Firefox (or Edge). The second browser acts as a 'second computer'.
- An authenticator app (Google or Microsoft Authenticator) on the phone.
- Desktop Chrome DevTools device mode for the widths in the matrix.

2.3 Admin settings (Settings → VitalStack Payments)

- Tick **Open: readers can buy premium plans**.
- Mode: **Test**. Test keys only needed for module RZP.
- Tick **Let me test buying without Razorpay and without real money** (practice checkout).
- **Test buyer emails**: add tester T's email (one per line).

2.4 Test coupons (Coupons box, one per line)

```
TEST20 | * | 20% | 0 |
YEAR1999 | all-year | 1999 | 0 | 2030-12-31
ONEUSE | all-month | 10% | 1 |
OLDCODE | * | 50% | 0 | 2024-01-01
```

Format: `CODE | plans | 20% or fixed ₹ | max uses (0 = no limit) | expiry YYYY-MM-DD`. Plan names: `all-month`, `all-year`, `lifetime`, `data-scientist`, `gen-ai-developer`, `agentic-ai-engineer`, or `*` for all.

2.5 After testing (clean-up)

- Untick practice checkout, clear test buyer emails, delete test coupons.
- Remove premium from test accounts (Users → Edit user) or delete them.
- For live sales: Mode Live + live keys + live webhook (docs/PAYMENTS-SETUP.md).

SMK Install and smoke test

Do this first, right after uploading the zip. If any P1 here fails, stop and report it before testing anything else.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
SMK-01	**Theme uploads and activates**	1. Appearance → Themes → Add New → Upload 2. choose vitalstack-theme-v4.8.2.zip 3. click Replace current with uploaded 4. open Appearance → Themes	VitalStack shows version 4.8.2. No 'There has been a critical error' anywhere on the site or in wp-admin.	P1	☐ Pass ☐ Fail ☐ Blocked	
SMK-02	**Logo is normal size**	1. Purge LiteSpeed Cache (Purge All) 2. hard refresh (Ctrl+Shift+R) 3. open homepage on desktop and phone 4. open the HTML introduction lesson	Logo sits small in the header. No giant logo covers the page (the 4.8.0 bug).	P1	☐ Pass ☐ Fail ☐ Blocked	
SMK-03	**Main pages load cleanly**	1. Open: homepage, a free lesson, a premium lesson, /pricing/, /account/, a tool page, a quiz 2. on desktop press F12 → Console	Every page loads. No sideways scrolling. No red errors in the Console.	P1	☐ Pass ☐ Fail ☐ Blocked	
SMK-04	**Setup creates the refund page**	1. Appearance → VitalStack Setup → Run setup 2. open Pages	A draft page 'Refund and Cancellation Policy' exists. Existing pages and menus are unchanged.	P2	☐ Pass ☐ Fail ☐ Blocked	
SMK-05	**New files are served**	1. Right-click → View page source on the homepage 2. search for ver=4.8.2	CSS/JS links end with ver=4.8.2 (cache is not serving old files).	P2	☐ Pass ☐ Fail ☐ Blocked	

WLK Line-by-line code walkthrough (new animation)

Use the Statistics lessons (as a premium reader or admin) and the demo on /pricing/.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
WLK-01	**Player appears**	1. Open Statistics lesson 'Mean, Median, Spread and the Five-Number Summary' 2. scroll to the code example	A '▶ Line by line' player is shown. The old code example and animations on the page are still there.	P1	☐ Pass ☐ Fail ☐ Blocked	
WLK-02	**Play runs line by line**	1. Press Play	Lines type in one by one, the pointer sits on the current line, and a crew character explains it in a bubble.	P1	☐ Pass ☐ Fail ☐ Blocked	
WLK-03	**Next / Back / Reset**	1. Press Next twice 2. Back once 3. Reset	Moves exactly one step each time; Reset goes back to step 1 and clears the console.	P1	☐ Pass ☐ Fail ☐ Blocked	
WLK-04	**Simple / Deep dive**	1. Switch between Simple and Deep dive on the same step	Explanation text changes; the step stays the same.	P2	☐ Pass ☐ Fail ☐ Blocked	
WLK-05	**Variables panel**	1. Step through lines that change a variable	Variables panel shows the new value and the changed one flashes. Values match the code.	P2	☐ Pass ☐ Fail ☐ Blocked	
WLK-06	**Console output**	1. Reset 2. check console 3. step to a print line	Before printing it says 'Nothing printed yet'. At a print line the right output appears.	P2	☐ Pass ☐ Fail ☐ Blocked	
WLK-07	**Jump and keyboard**	1. Click any code line 2. on desktop press ← and →	Jumps to that line's step; arrow keys go back/next.	P3	☐ Pass ☐ Fail ☐ Blocked	
WLK-08	**Speed**	1. Change the speed select while playing	Playback gets faster/slower.	P3	☐ Pass ☐ Fail ☐ Blocked	
WLK-09	**Other lessons**	1. Open Statistics lessons 'Probability … Bayes' Theorem' and 'Hypothesis Tests … p-values' 2. play each to the end	Both players work. The p-value walkthrough ends with 364 extreme results and p ≈ 0.0364.	P2	☐ Pass ☐ Fail ☐ Blocked	

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
WLK-10	**Pricing demo**	1. Open /pricing/ 2. scroll to 'How premium explains code: every line, step by step' 3. Play	Demo walkthrough plays the same way.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
WLK-11	**Mobile**	1. Repeat WLK-02/03 on a phone (or 360px width)	Player fits the screen, no sideways scroll, buttons are easy to tap, bubble text readable.	**P1**	☐ Pass ☐ Fail ☐ Blocked	

PRC Pricing page and plans

Open /pricing/ as a signed-in reader unless the step says otherwise.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
PRC-01	**Four plan cards**	1. Open /pricing/	Pro Monthly ₹399 · Career Track ₹1,999 · Pro Yearly ₹2,999 (Best value) · Founder Lifetime ₹6,999.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRC-02	**₹ / $ switch**	1. Switch currency to $ and back	$9 · $39 · $69 · $149; back to ₹ prices. Pay note changes for India / outside India.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRC-03	**Choose a track**	1. In the Career Track card open 'Choose a track' 2. pick each option	Data Scientist, Gen AI Developer and Agentic AI Engineer are listed; the card text changes with the pick.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRC-04	**Lifetime places**	1. Look at the Founder Lifetime card	Shows 'Founder Lifetime places left: N' (200 minus lifetime plans sold).	P2	☐ Pass ☐ Fail ☐ Blocked	
PRC-05	**Signed-out button**	1. Sign out 2. open /pricing/ 3. click a plan button	Button says 'Create free account to buy' and opens the sign-up page.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRC-06	**Sales closed**	1. Admin: Settings → VitalStack Payments → untick 'Open: readers can buy premium plans' → Save 2. open /pricing/ as a reader 3. then tick it again	Shows 'Premium sales open soon…' / 'Join the waitlist' instead of buying. Normal again after re-ticking.	P2	☐ Pass ☐ Fail ☐ Blocked	
PRC-07	**Trailer, FAQ, refund link**	1. Play the premium trailer 2. open each FAQ 3. open 'What if it’s not for me?'	Trailer plays; FAQ explains the 7-day / under-30% refund rule; refund page link opens (after the page is published).	P3	☐ Pass ☐ Fail ☐ Blocked	
PRC-08	**Agentic AI track everywhere**	1. Open 'All courses' in the top bar 2. check the homepage premium section	The Agentic AI Engineer track is listed with the other two premium tracks.	P2	☐ Pass ☐ Fail ☐ Blocked	

CPN Coupons

Admin: add the test coupons from Setup §2.4 first. Use practice checkout so no money moves.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
CPN-01	**Percent coupon**	1. Pro Yearly 2. 'Have a coupon code?' 3. type TEST20 4. Apply	Old price struck through; new price about ₹2,399 (20% off). Paying uses the new price.	P1	☐ Pass ☐ Fail ☐ Blocked	
CPN-02	**Fixed-price coupon**	1. Pro Yearly 2. coupon YEAR1999 3. then switch to $	₹1,999. In $ it shows the same share off (about $46).	P2	☐ Pass ☐ Fail ☐ Blocked	
CPN-03	**Wrong plan**	1. Pro Monthly 2. coupon YEAR1999	'That coupon doesn’t apply to this plan.' Price unchanged.	P1	☐ Pass ☐ Fail ☐ Blocked	
CPN-04	**Expired**	1. Any plan 2. coupon OLDCODE	'That coupon is not valid or has expired.'	P1	☐ Pass ☐ Fail ☐ Blocked	
CPN-05	**Unknown code**	1. Any plan 2. coupon ABC123	'That coupon is not valid or has expired.'	P1	☐ Pass ☐ Fail ☐ Blocked	
CPN-06	**Max uses**	1. Reader R1 buys Pro Monthly with ONEUSE (practice pay) 2. reader R2 tries ONEUSE on Pro Monthly	R1 succeeds. R2 gets 'not valid or has expired'.	P2	☐ Pass ☐ Fail ☐ Blocked	
CPN-07	**Lower case**	1. Type test20 in small letters	Works the same as TEST20.	P3	☐ Pass ☐ Fail ☐ Blocked	
CPN-08	**Price can't be faked**	1. F12 → change the price text on a card to ₹1 2. buy with practice checkout	Charged / receipt amount is the real server price, not ₹1.	P1	☐ Pass ☐ Fail ☐ Blocked	

CHK Buy checklist ('Before you buy')

Use a fresh reader account each time you need to see a step.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
CHK-01	**Checklist opens**	1. Fresh reader 2. click buy on any plan	'Before you buy' window: 'A few quick steps before you buy.' Missing steps listed; done steps ticked.	P1	☐ Pass ☐ Fail ☐ Blocked	
CHK-02	**Email step**	1. If 'Confirm your email address' is shown, click 'Resend confirmation email' 2. confirm from inbox	Email arrives; after confirming, the step is ticked.	P2	☐ Pass ☐ Fail ☐ Blocked	
CHK-03	**Subscribe step**	1. Click 'Subscribe now'	Step ticks straight away.	P1	☐ Pass ☐ Fail ☐ Blocked	
CHK-04	**Security check by email**	1. Click 'Email me a code' 2. enter the 6-digit code from email	Step ticks; then 'All set ✅ Opening checkout…' and checkout opens.	P1	☐ Pass ☐ Fail ☐ Blocked	
CHK-05	**Security check by app**	1. Reader with authenticator app on 2. buy	Asks 'Code from your app'; correct code ticks the step.	P2	☐ Pass ☐ Fail ☐ Blocked	
CHK-06	**15-minute window**	1. Buy again within 15 minutes 2. then again after 16+ minutes	Inside 15 min: no new security check. After: asked again.	P2	☐ Pass ☐ Fail ☐ Blocked	
CHK-07	**Wrong codes**	1. Enter a wrong code 5 times	Paused for 15 minutes with a clear message; account owner gets an email.	P1	☐ Pass ☐ Fail ☐ Blocked	
CHK-08	**Close and mobile**	1. Press Esc / close button 2. repeat on a 320–375px phone	Window closes. On phone it fits the screen, nothing cut off.	P2	☐ Pass ☐ Fail ☐ Blocked	

DEM Practice checkout (no Razorpay, no money)

Admin: tick 'Let me test buying without Razorpay and without real money' and add tester emails in 'Test buyer emails'.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
DEM-01	**Who sees practice**	1. Open /pricing/ as admin, as a listed tester, and as a normal reader	Admin and tester see '🧪 Practice checkout is ON (only for you and testers).' The normal reader does not get practice checkout.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEM-02	**Practice payment works**	1. Tester buys Pro Monthly 2. choose UPI 3. click '✅ Pay (practice)'	'Payment received 🎉 Taking you to your course…'. Account page shows premium 'Active until' about 31 days ahead.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEM-03	**Practice failure**	1. Buy 2. click '❌ Make it fail'	Error message; no premium access; no receipt.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEM-04	**Cancel**	1. Buy 2. click Cancel	Window closes, nothing granted, can try again.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
DEM-05	**Receipt**	1. Check the tester's inbox after DEM-02	Receipt email with Invoice no. like VS/2026-27/0001 (next number each order), Order ID and Amount.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEM-06	**One track only**	1. Fresh tester buys Career Track → Data Scientist	Data Scientist lessons open; Gen AI Developer and Agentic AI lessons stay locked; validity 12 months.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEM-07	**Lifetime**	1. Buy Founder Lifetime	Account shows 'No end date'. Places left goes down by 1.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
DEM-08	**All-access**	1. Buy Pro Yearly	All three premium tracks open.	**P1**	☐ Pass ☐ Fail ☐ Blocked	

RZP Razorpay test mode (real gateway, test money)

Needs Razorpay Test Mode keys + webhook (docs/PAYMENTS-SETUP.md). Untick practice checkout for this module. Never use a real card in test mode.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
RZP-01	**Successful payment**	1. Reader buys Pro Monthly 2. in Razorpay use test card or UPI success@razorpay	'Payment received 🎉...'; premium active; receipt email; order in Orders list.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
RZP-02	**Failed payment**	1. Use UPI failure@razorpay	Payment fails; no access granted.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
RZP-03	**Closed popup**	1. Open checkout and close it	No access; buying again works.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
RZP-04	**Refund removes access**	1. Razorpay Dashboard (test) → Payments → refund RZP-01's payment	Within a few minutes the reader's premium is removed (back to what they had before); admin gets an email; order shows refunded.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
RZP-05	**Dispute**	1. If the test dashboard allows, create a dispute	Access removed; admin email; order shows disputed.	**P3**	☐ Pass ☐ Fail ☐ Blocked	
RZP-06	**Dollar payment**	1. Switch to $ and buy	Works if International Payments is enabled; otherwise a friendly error suggesting ₹.	**P3**	☐ Pass ☐ Fail ☐ Blocked	
RZP-07	**No double grant**	1. After paying, refresh the success page / press back and forward	Only one order, one invoice number, one receipt.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
RZP-08	**Bad webhook secret**	1. Change Webhook Secret in WordPress to a wrong value 2. make a test payment 3. then fix it	Security log shows a bad-signature entry. Restore the right secret afterwards.	**P2**	☐ Pass ☐ Fail ☐ Blocked	

ORD Orders and manual access (admin)

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
ORD-01	**Orders list**	1. wp-admin → Orders after a few purchases	Each order shows reader, plan, amount, invoice no. and status.	P2	☐ Pass ☐ Fail ☐ Blocked	
ORD-02	**Lessons opened count**	1. Reader opens 3 premium lessons 2. refresh Orders	Order shows '3 premium lessons opened' (helps the 30% refund rule).	P2	☐ Pass ☐ Fail ☐ Blocked	
ORD-03	**Manual access**	1. Users → Edit user → 'VitalStack premium access' → untick → Update 2. then tick again	Access is removed, then given again.	P2	☐ Pass ☐ Fail ☐ Blocked	

TFA Authenticator app (two-step security)

Use Google Authenticator or Microsoft Authenticator on a phone. Keep backup codes safe while testing.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
TFA-01	**Turn on**	1. Account → Two-step security → set up 2. scan QR or 'Copy key' 3. enter the 6-digit code	'Authenticator app is on. Save your backup codes now…' with 10 backup codes and 'Copy all'.	P1	☐ Pass ☐ Fail ☐ Blocked	
TFA-02	**Wrong setup code**	1. During setup type 000000	Error; app not turned on.	P2	☐ Pass ☐ Fail ☐ Blocked	
TFA-03	**Sign in with app**	1. Sign out 2. sign in with email + password	Asks 'Type the code from your authenticator app.'; correct code signs in. No email code is sent.	P1	☐ Pass ☐ Fail ☐ Blocked	
TFA-04	**Backup code**	1. Sign in using one backup code 2. sign out 3. try the same backup code again	First time works; second time is rejected.	P1	☐ Pass ☐ Fail ☐ Blocked	
TFA-05	**Email instead**	1. At the app-code step choose 'Email me a code instead'	Email code arrives and works.	P2	☐ Pass ☐ Fail ☐ Blocked	
TFA-06	**Code can't be reused**	1. Use a code to sign in 2. sign out 3. sign in again with the same code within 30 seconds	Second use rejected.	P3	☐ Pass ☐ Fail ☐ Blocked	
TFA-07	**Lockout**	1. Enter 5 wrong codes	15-minute pause; owner gets an email.	P1	☐ Pass ☐ Fail ☐ Blocked	
TFA-08	**New backup codes**	1. 'Make new backup codes' 2. try an old code	'New backup codes made. The old ones no longer work.' Old code rejected.	P2	☐ Pass ☐ Fail ☐ Blocked	
TFA-09	**Turn off**	1. Turn the app off (needs a code)	'Authenticator app turned off. Sign-in uses email codes again.'	P2	☐ Pass ☐ Fail ☐ Blocked	

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
TFA-10	**Admin wp-login**	1. Admin turns the app on 2. sign in at /wp-login.php	Field 'Authenticator code (if you turned it on)'; blank or wrong code refused; correct code signs in.	**P1**	☐ Pass ☐ Fail ☐ Blocked	

DEV My devices and device limit (premium reader)

Rule: 1 phone/tablet + 1 computer. A different browser on the same laptop counts as a new computer.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
DEV-01	**Device listed**	1. Open a premium lesson on laptop Chrome 2. Account → My devices	Laptop listed with 'Last used … ago'.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEV-02	**Phone + computer allowed**	1. Open a premium lesson on a phone	Opens normally while the laptop keeps working.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEV-03	**Third device**	1. Open a premium lesson in Firefox/Edge on a second computer	'Premium is open on another device of this kind.' + 'Use this device'; after the security check: 'Premium is now on X. Y was signed out.' The old browser is signed out.	**P1**	☐ Pass ☐ Fail ☐ Blocked	
DEV-04	**Switch limit**	1. Switch computers 3 times 2. try a 4th time within 30 days	4th switch refused with a clear message.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
DEV-05	**Sign out a device**	1. My devices → sign out one device 2. 'Sign out everywhere'	That device is signed out; then all devices are.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
DEV-06	**No limit for free users / staff**	1. Free reader and admin open lessons on 3+ browsers	No device message.	**P2**	☐ Pass ☐ Fail ☐ Blocked	
DEV-07	**Staff new-device alert**	1. Admin signs in from a new browser	Alert email: 'Not you? Reset your password now: it signs out every device.'	**P2**	☐ Pass ☐ Fail ☐ Blocked	

PRT Premium content protection

Use a paying reader (not admin) unless stated.

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
PRT-01	**Text not in page source**	1. Open a premium lesson 2. Ctrl+U 3. search for a sentence from the lesson	'Opening your premium lesson…' then the lesson appears. The sentence is NOT in the page source.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRT-02	**Visible watermark**	1. Look across the lesson	Faint 'Name · #ID · date' repeated across the lesson. It doesn't block clicks and does not cover the header or logo.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRT-03	**Copy and right-click blocked**	1. Select text 2. Ctrl+C 3. right-click 4. drag text	Blocked; toast 'Right-click is turned off on premium lessons.'	P1	☐ Pass ☐ Fail ☐ Blocked	
PRT-04	**Code Copy still works**	1. Click Copy on a code block 2. paste in Notepad	Code copies correctly.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRT-05	**Print blocked**	1. Ctrl+P on a premium lesson 2. then on a free lesson	Premium text hidden in print preview. Free lessons print normally.	P2	☐ Pass ☐ Fail ☐ Blocked	
PRT-06	**Non-buyers locked**	1. Open the premium lesson signed out, and as a free reader	Locked / pricing prompt as before. No premium text.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRT-07	**Staff see directly**	1. Open as admin	Lesson shows instantly, no watermark, no limits.	P2	☐ Pass ☐ Fail ☐ Blocked	
PRT-08	**Lesson features still work**	1. In a premium lesson use animations, quiz, walkthrough, Run code	All work after the lesson loads.	P1	☐ Pass ☐ Fail ☐ Blocked	
PRT-09	**Speed limit (optional)**	1. Open 41 different premium lessons within one hour	'You opened a lot of lessons very quickly, so premium is paused…'; security check continues; admin alert.	P3	☐ Pass ☐ Fail ☐ Blocked	
PRT-10	**Mobile**	1. Repeat PRT-01/02/03 on a phone	Loads, fits screen, no sideways scroll.	P1	☐ Pass ☐ Fail ☐ Blocked	

SEC Admin security page (Tools → VitalStack Security)

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
SEC-01	**Activity log**	1. Open the page after the tests above 2. use Filter	Sign-ins, failed sign-ins, lesson opens, payments, device switches are listed; filter works.	P2	☐ Pass ☐ Fail ☐ Blocked	
SEC-02	**Find who leaked a lesson**	1. As reader R1 open a premium lesson 2. F12 → Elements → copy a paragraph's text 3. admin pastes it into 'Find who leaked a lesson' → 'Read watermark'	Names reader R1's account.	P2	☐ Pass ☐ Fail ☐ Blocked	
SEC-03	**No watermark**	1. Paste ordinary text and read	No account found.	P3	☐ Pass ☐ Fail ☐ Blocked	
SEC-04	**Suspend**	1. Suspend reader R2 2. R2 opens a premium lesson 3. then un-suspend	R2 signed out everywhere; 'This account is suspended. Please contact us.'; works again after un-suspend.	P1	☐ Pass ☐ Fail ☐ Blocked	

ADS Ads and popups

ID	Test case	Steps	Expected result	Pri	Result	Bug ID / notes
ADS-01	**No ads for premium**	1. Open the same lesson as a free reader and as a premium reader	Free reader sees ads (when AdSense is on); premium reader sees no ads anywhere.	P2	☐ Pass ☐ Fail ☐ Blocked	
POP-01	**Cookie then install pill**	1. Android Chrome incognito: open site	Cookie notice first; install-app pill only after the cookie notice is answered.	P2	☐ Pass ☐ Fail ☐ Blocked	
POP-02	**Popups stack**	1. Finish a lesson (Mark complete) on a 320–375px phone	Celebration, toast and nudges stack; none overlap; no text cut off; close buttons work.	P2	☐ Pass ☐ Fail ☐ Blocked	

RSP Responsive matrix

For each box check: no sideways scroll · logo small in header · text not cut off · buttons tappable · popups/windows fit · works in dark mode. Tick ☑ for OK, write the bug ID if not.
