VITALSTACK · TEAM REFERENCE

Release 4.9: screen-by-screen report

21 screens, each on desktop and mobile, with what it does and what was checked.

Build	vitalstack-theme-v4.9.0.zip
Where tested	Test copy of the theme in an isolated browser (Chromium)
Checks per screen	No sideways scroll · logo normal size · no JavaScript errors

These screenshots come from a test copy of the theme with sample data, not from the live site. Numbers and names are examples. Real Razorpay payments and real emails were not part of this run; they are covered by the 4.8 tester PDF.

Screens in this report

#	Screen	Result
1	Homepage: premium career tracks	✅
2	Top bar and "All courses" panel	✅
3	Lesson page with the daily goal	✅
4	Line-by-line code walkthrough	✅
5	NEW: 3D code stage	✅
6	NEW: 3D stage in the LLM lessons	✅
7	NEW: attention animation	✅
8	Quick quiz at the end of a lesson	✅
9	NEW: "Up next" after finishing a lesson	✅
10	Pricing: plans in ₹	✅
11	Pricing in $ with a coupon	✅

18	Sign in / Sign up	✅
19	Email code step	✅
20	Tool: A/B test calculator	✅
21	Tool: Python compiler	✅

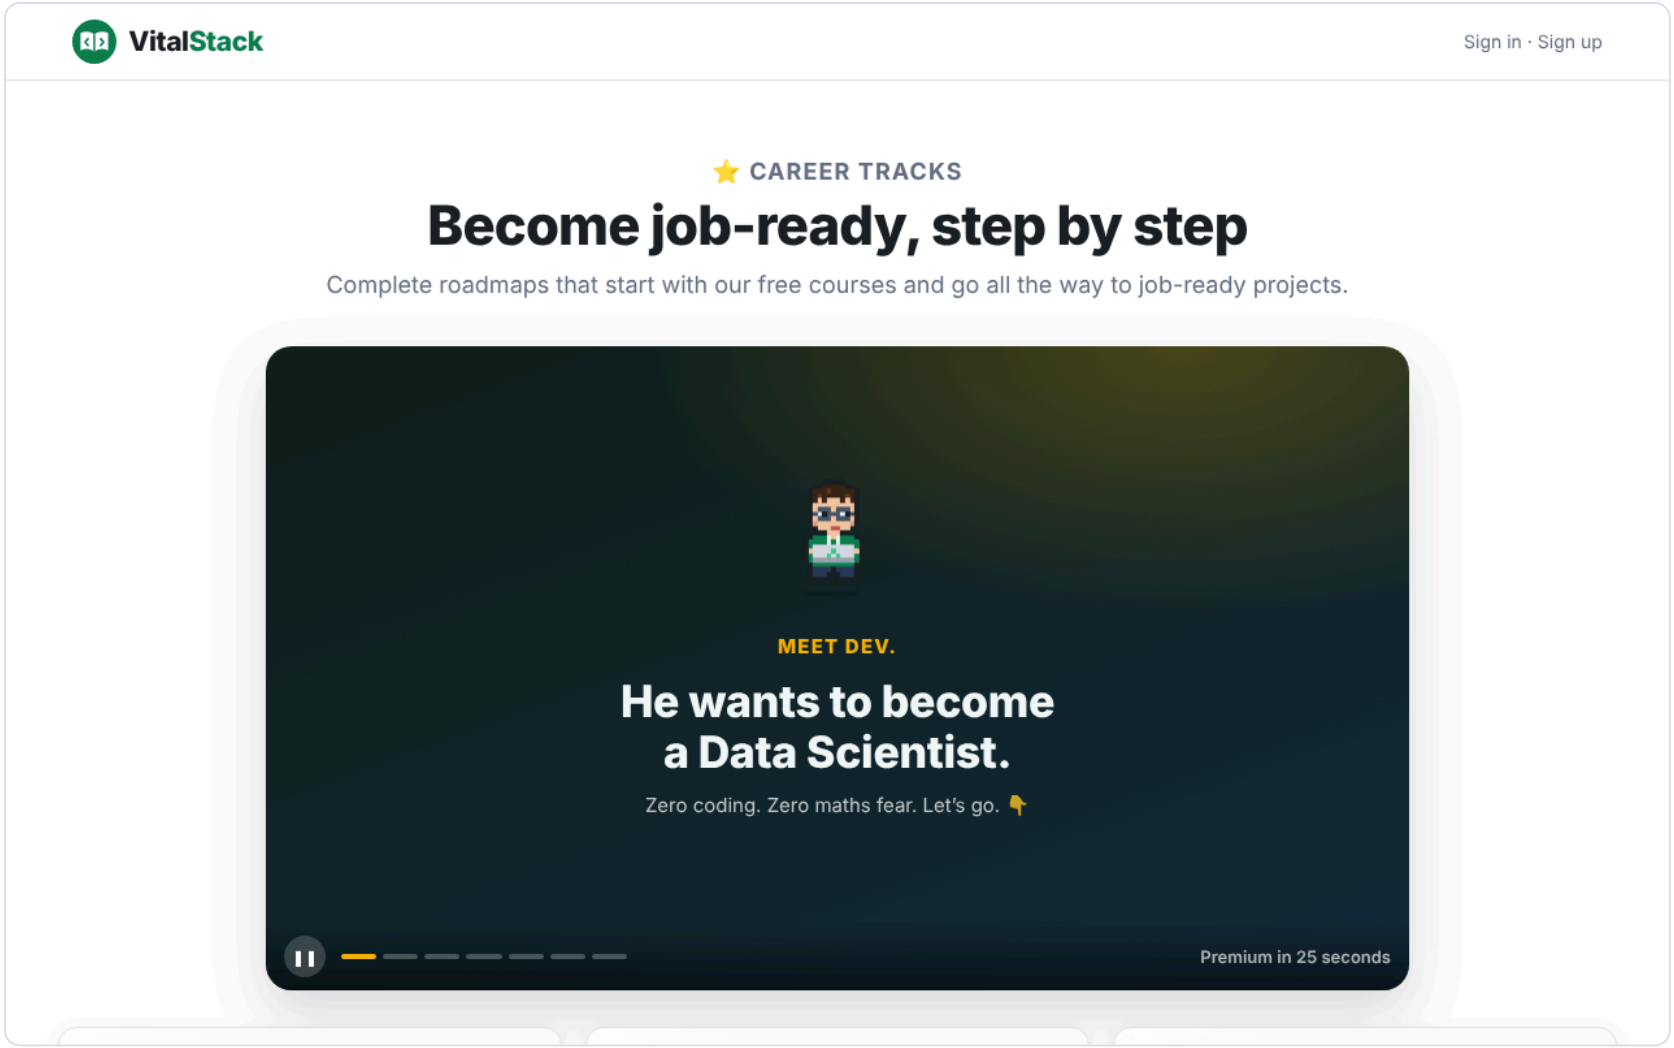

Automated test suites run for 4.9

Suite	What it covers	Result
PHP: security	IP checks, login limits, headers	24 / 24 pass
PHP: payments	Plans, coupons, orders, invoices, refunds, webhook signature	67 / 67 pass
PHP: two-step security	Authenticator codes, backup codes, lockout, step-up	31 / 31 pass
PHP: content protection	Lesson API, watermark, speed limit, devices	30 / 30 pass
PHP: premium access	Preview, track access, expiry, staff	9 / 9 pass
PHP: 4.9 gating (new)	Premium quizzes, mock tests, daily challenge; Lifetime opens all 3 tracks	14 / 14 pass
PHP: track page (new)	Visitor sees locks; Lifetime buyer sees Unlocked / Coming soon, no locks	15 / 15 pass
PHP: certificates, code	Certificate rules, code blocks	59 / 59 pass
Lesson code checker	Every Python example and walkthrough output in the 8 new lessons + Statistics	14 / 14 lessons ok
Browser: layout	Logo size, no overlay, no sideways scroll on 9 page types	All pass
Browser: topic bar, pricing, practice checkout	Menus, plans, ₹/$, coupons, checklist, practice pay/fail	All pass
Browser: walkthrough, animations, protection	Line-by-line player, statistics animations, protected lesson	All pass
Browser: popups, tools, Python, study buddy, trailer	Popup stacking 320–1920 px, data tools, compiler	All pass
Browser: 4.9 features (new)	3D stage, Up next, daily goal at 1280/375/320 px, light + dark; buyer track pages	All pass

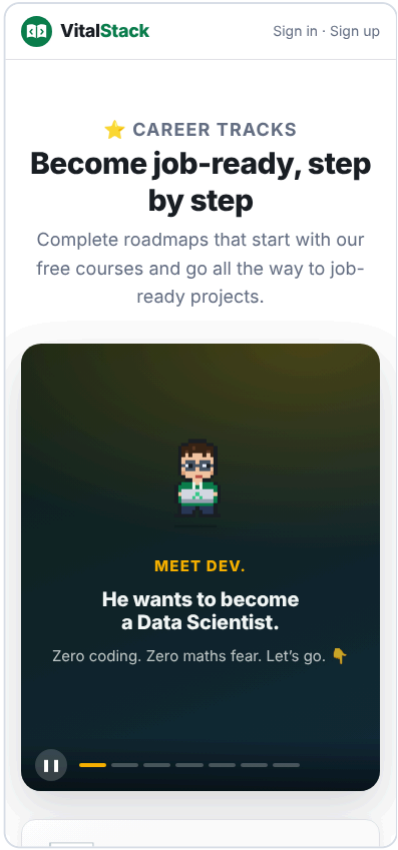

1 Homepage: premium career tracks

The three career tracks (Data Scientist, Gen AI Developer, Agentic AI Engineer) with the premium trailer.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

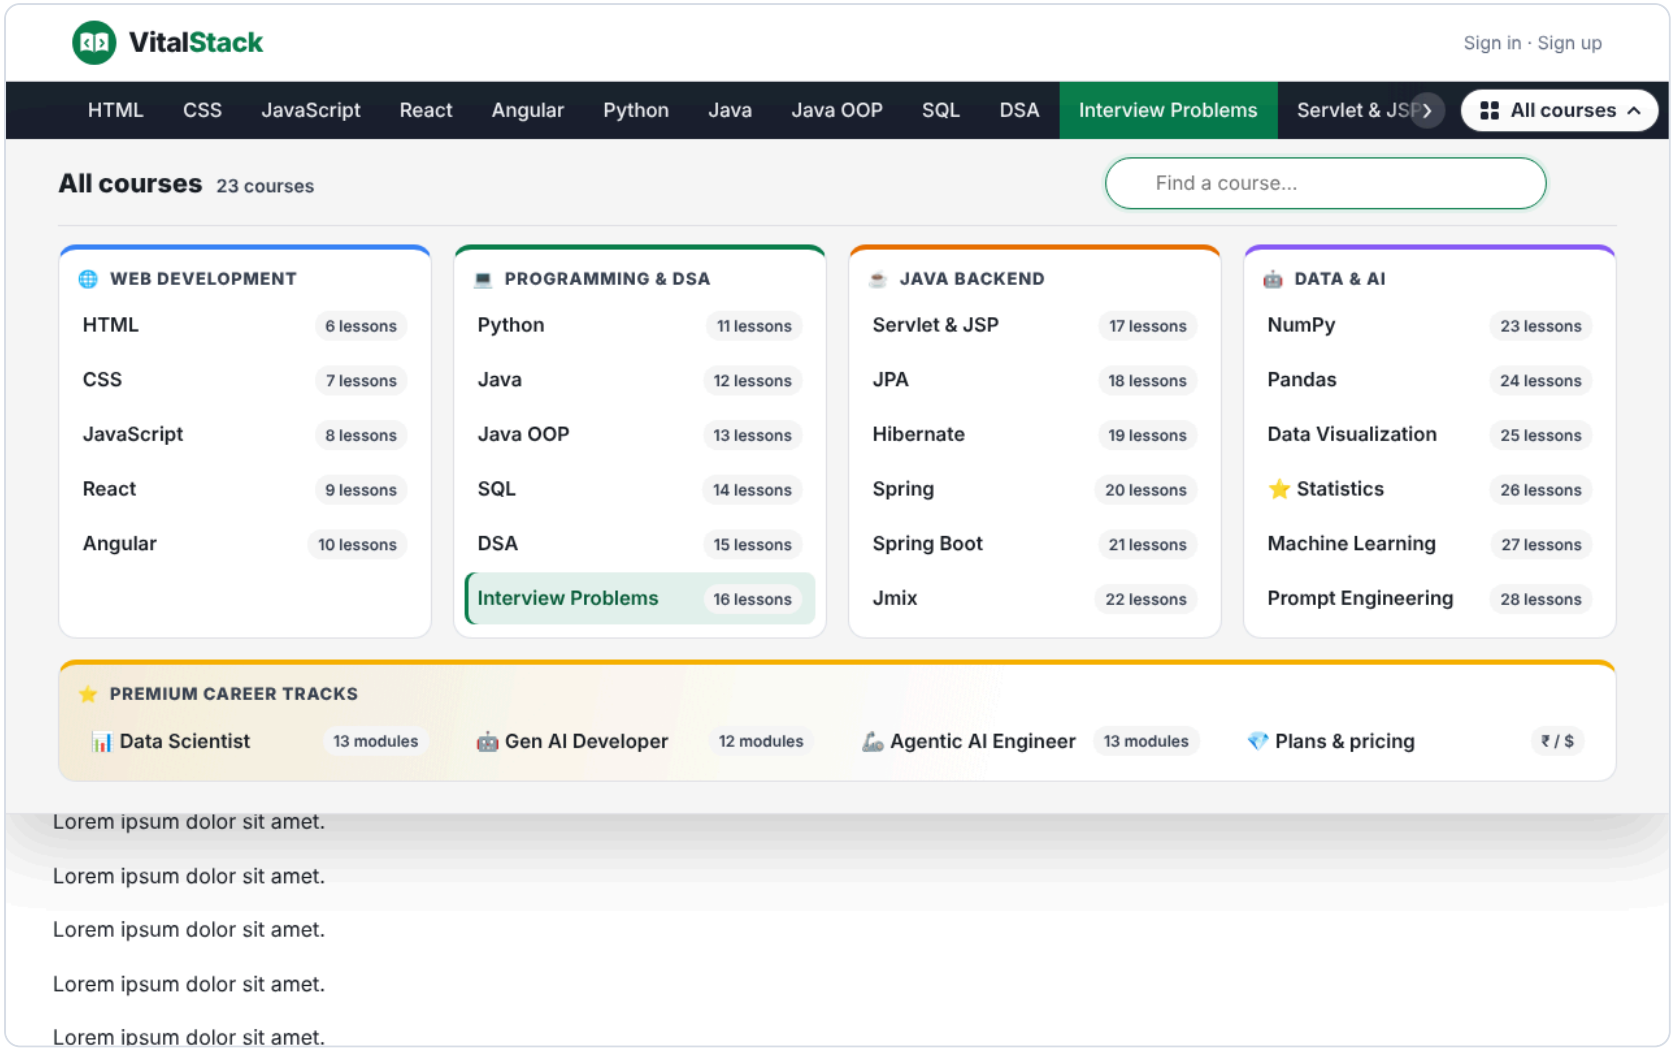

Mobile · 390 px

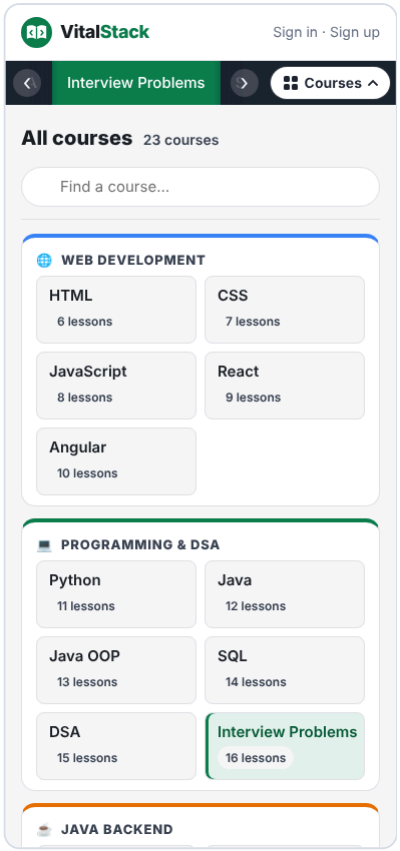

2 Top bar and "All courses" panel

Course groups in learning order, the find-a-course filter, ⭐ for premium paths. New: "How LLMs Work" and "AI Agents" are listed.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

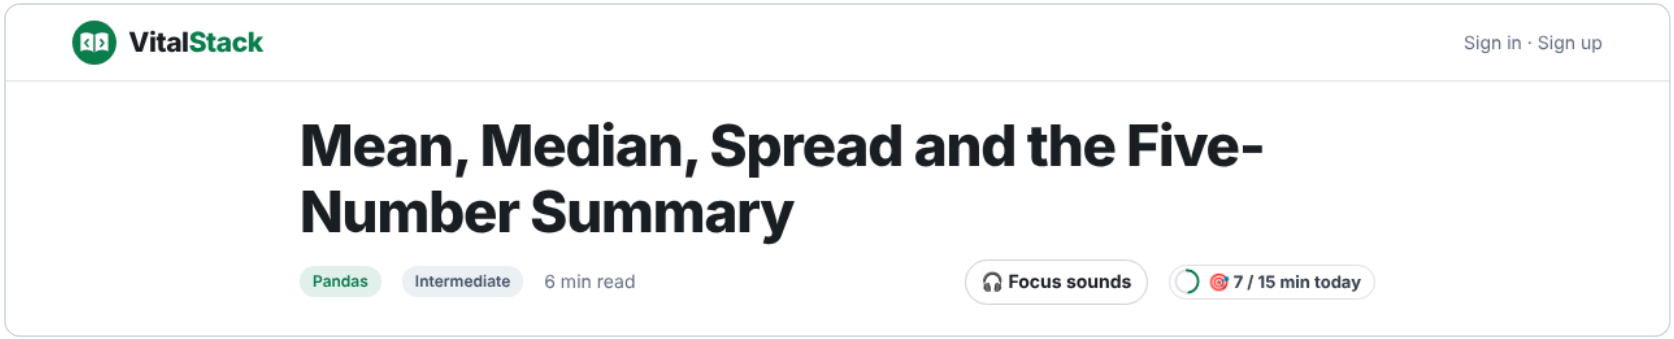

Mobile · 390 px

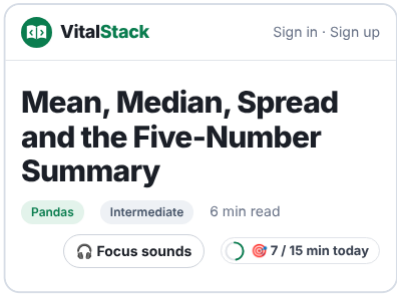

3 Lesson page with the daily goal

New 🎯 daily goal ring beside the lesson details: counts active learning minutes (target 15 a day).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

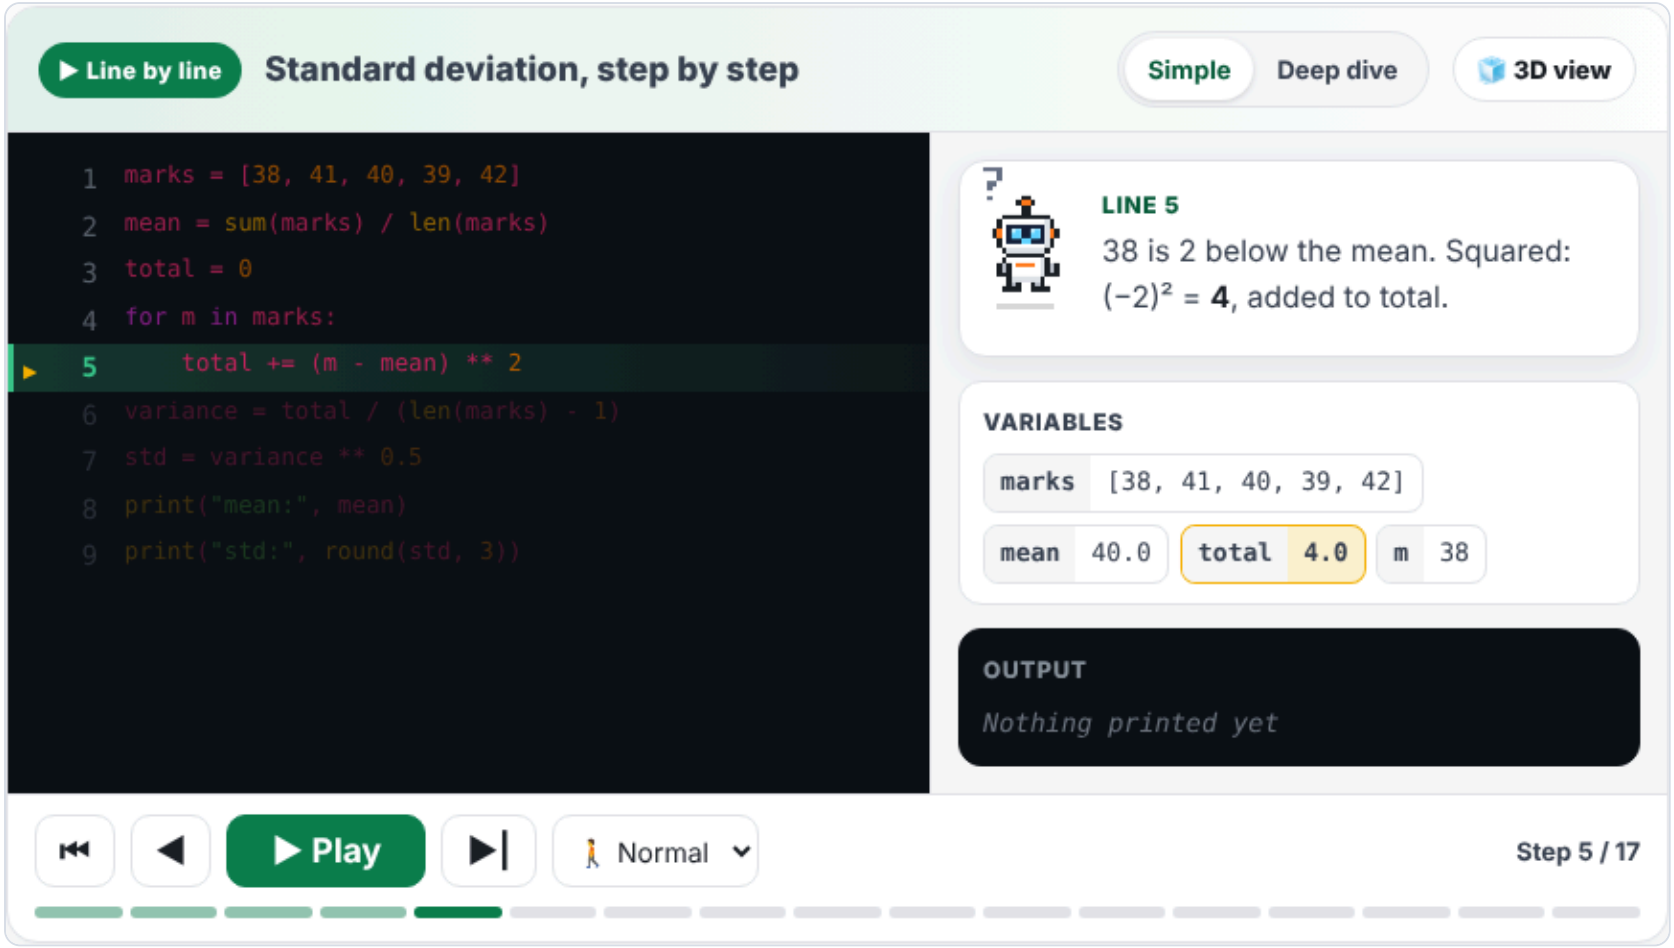

Mobile · 390 px

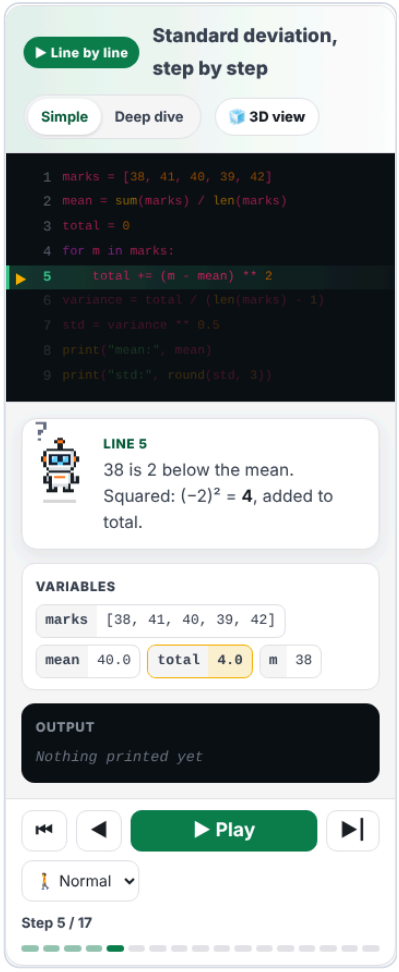

4 Line-by-line code walkthrough

Each line types in, the pointer moves, a crew character explains (Simple / Deep dive), variables and output update.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

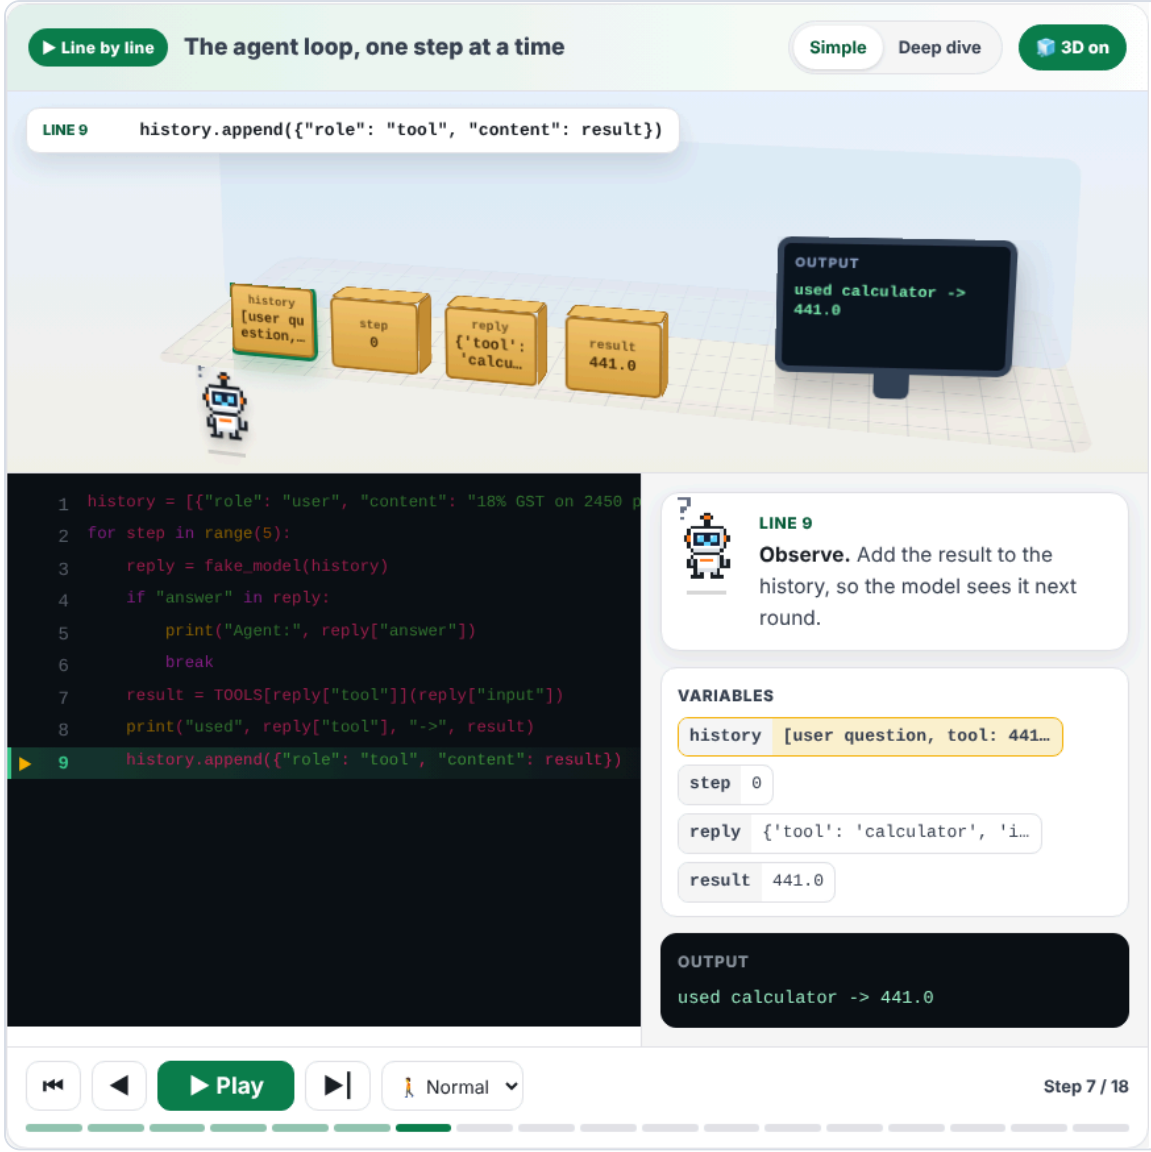

Mobile · 390 px

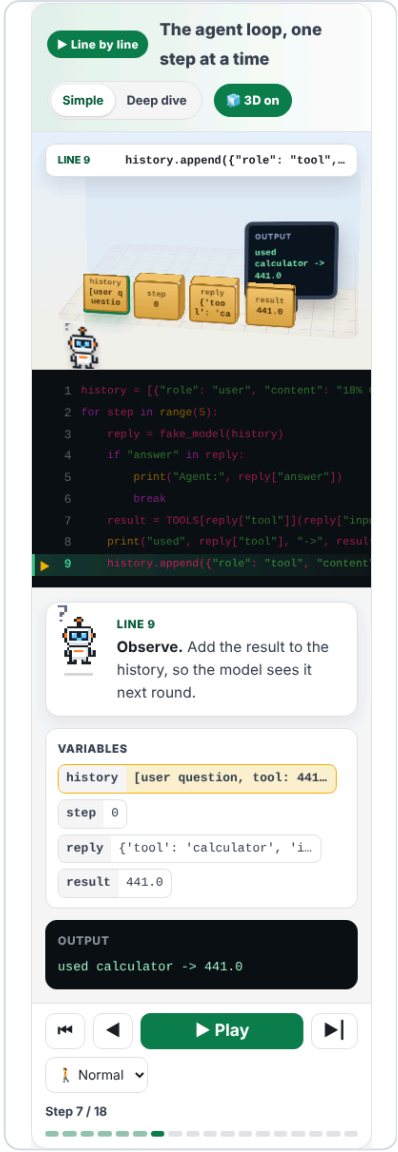

5 NEW: 3D code stage

Press "🧊 3D view": variables become crates on a 3D stage, printed text appears on the screen, and the crew character walks to whatever just changed.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

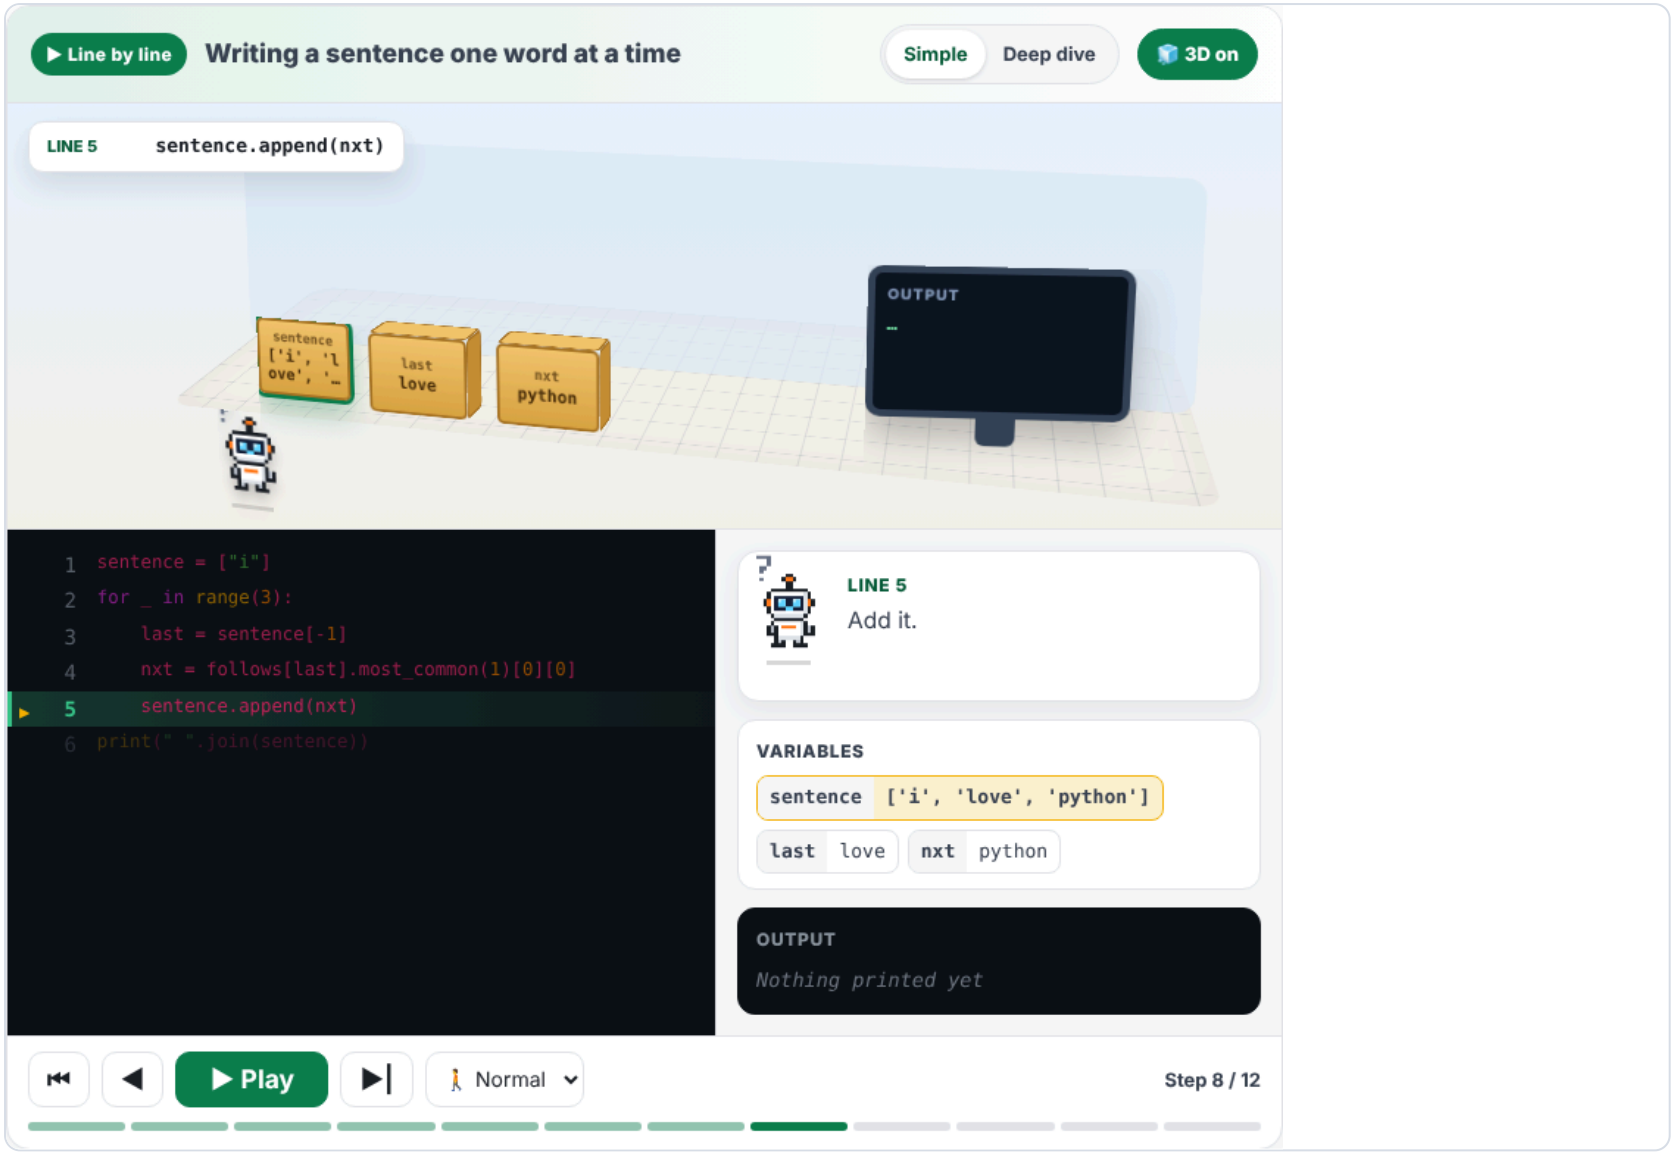

Mobile · 390 px

6 NEW: 3D stage in the LLM lessons

The same 3D stage in "Tokens and next-token prediction": the sentence grows word by word.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

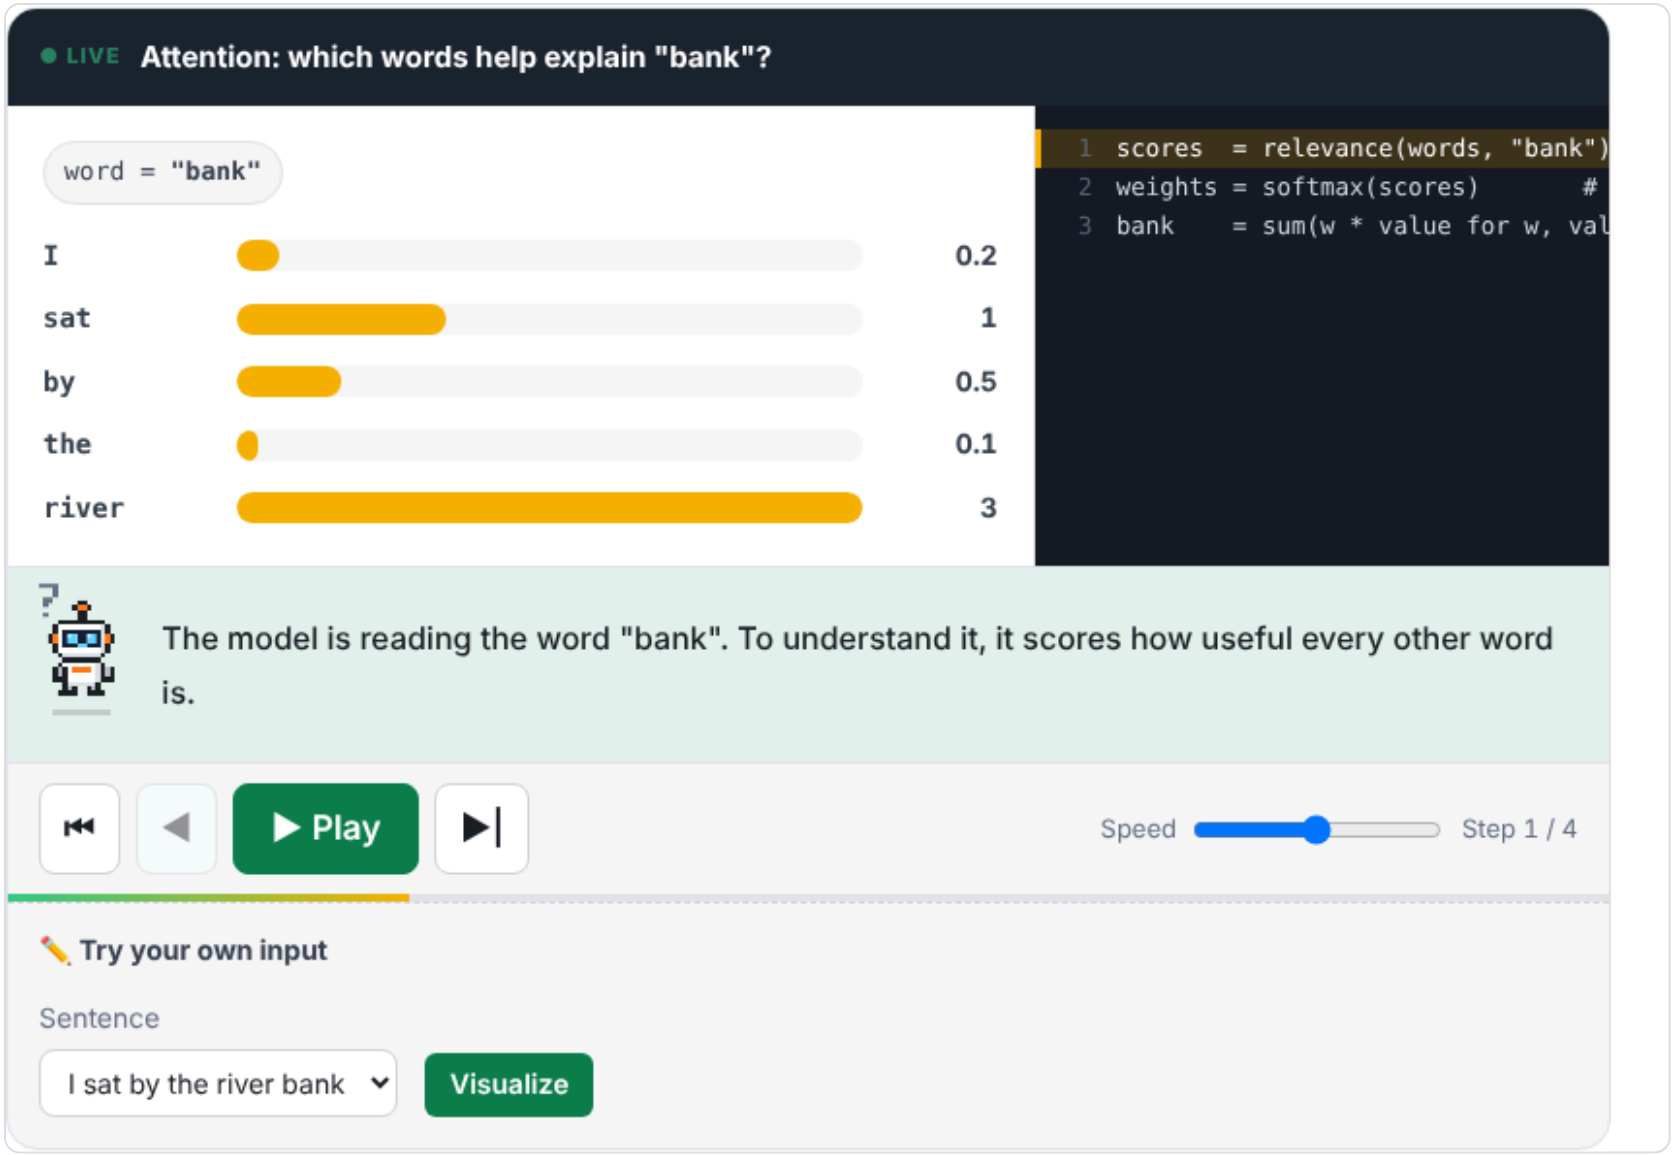

Mobile · 390 px

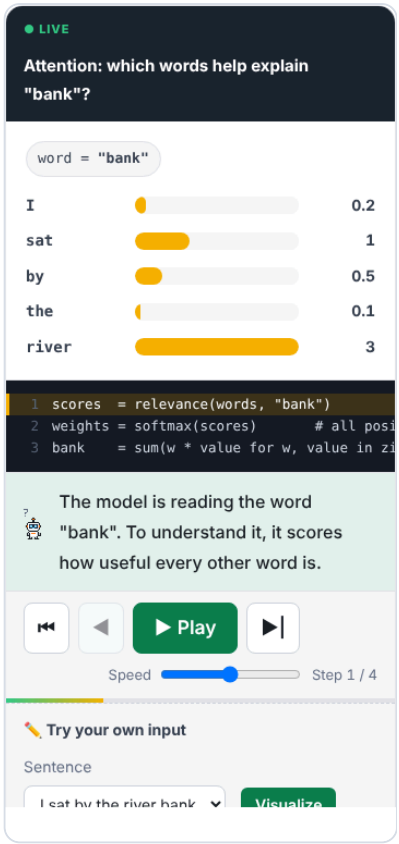

7 NEW: attention animation

Interactive animation for "How LLMs Work": switch the sentence and watch which word "bank" pays attention to.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

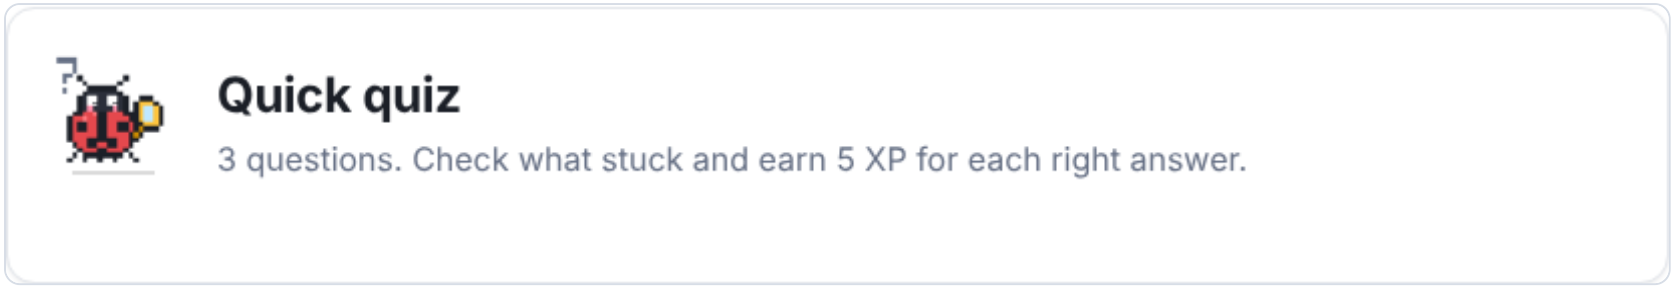

Mobile · 390 px

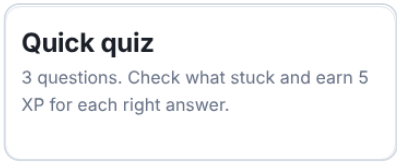

8 Quick quiz at the end of a lesson

Three questions with explanations and XP. (Premium lessons now show their quiz only to readers with access.)

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

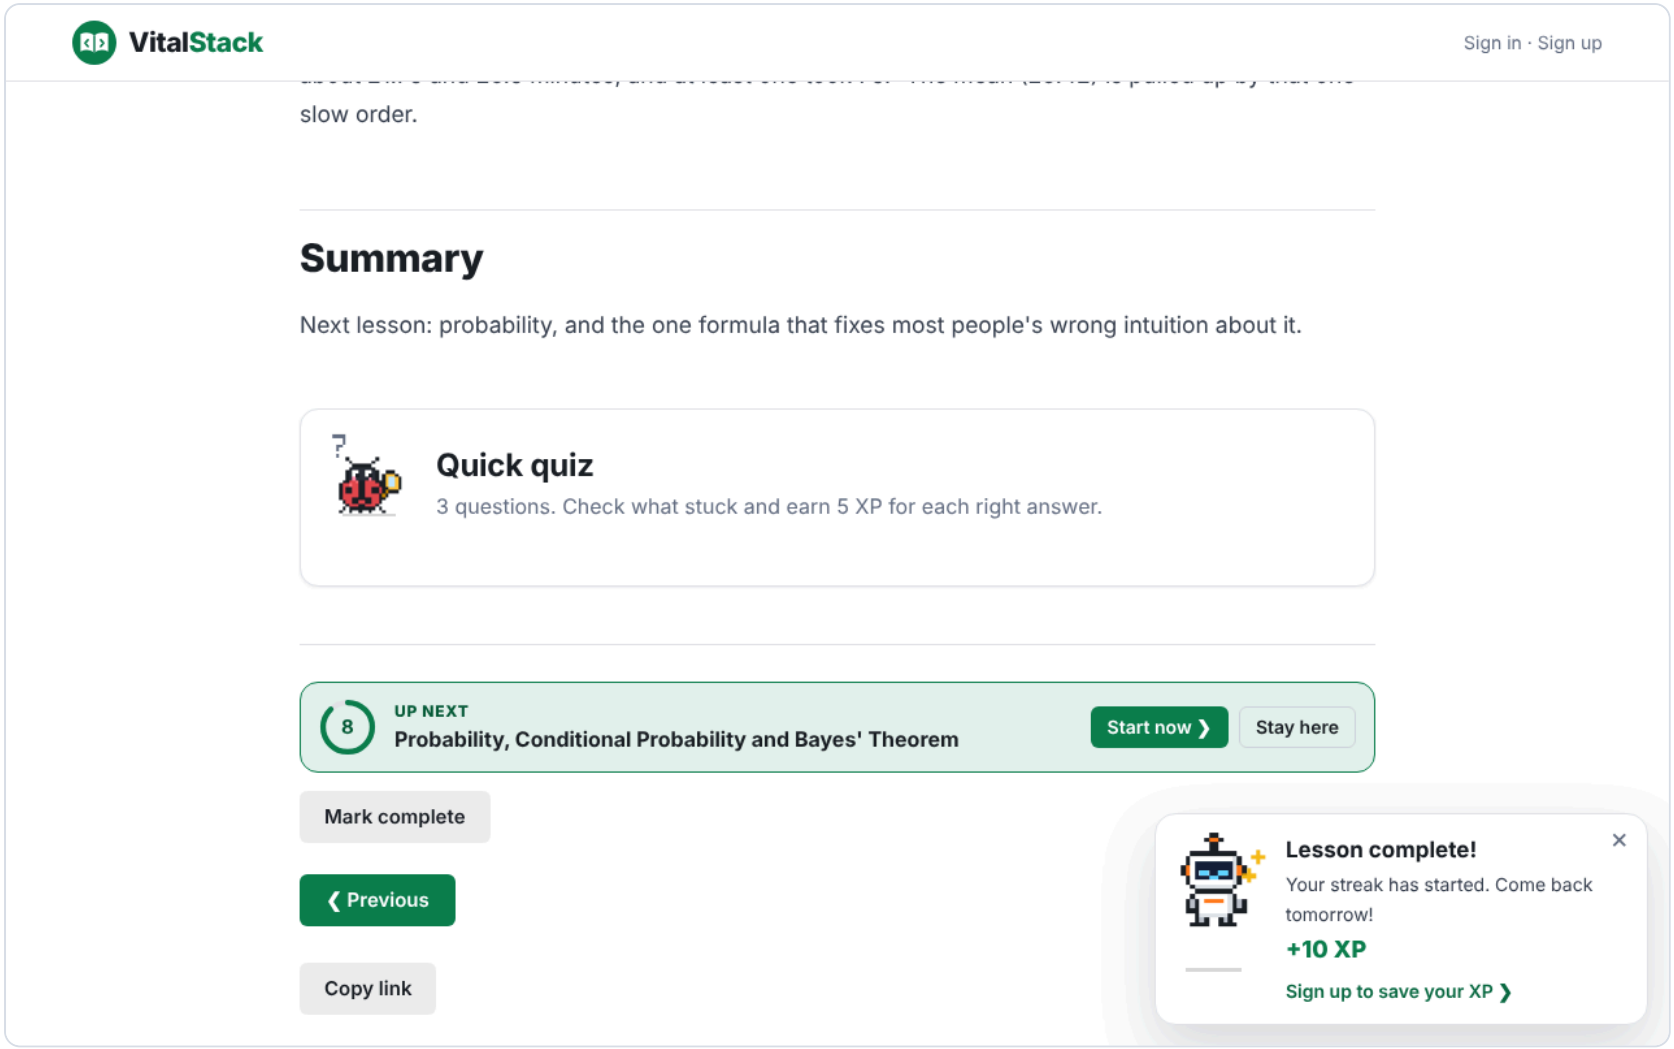

Mobile · 390 px

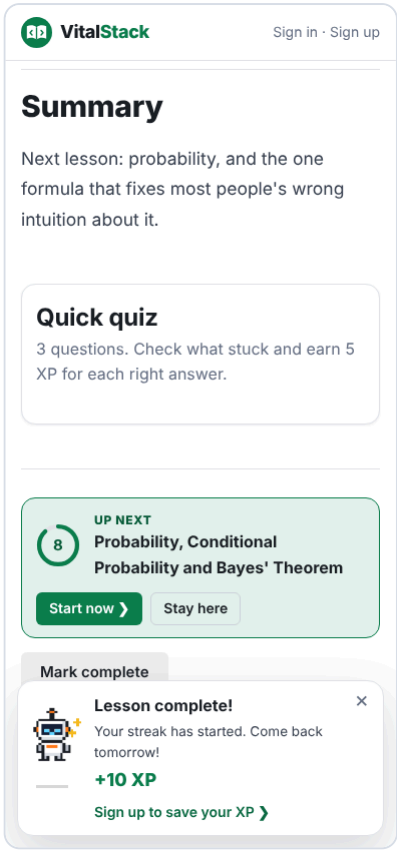

9 NEW: "Up next" after finishing a lesson

After "Mark complete": celebration + XP, and an Up next card that counts down 10 seconds to the next lesson (Stay here cancels; scrolling pauses it).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

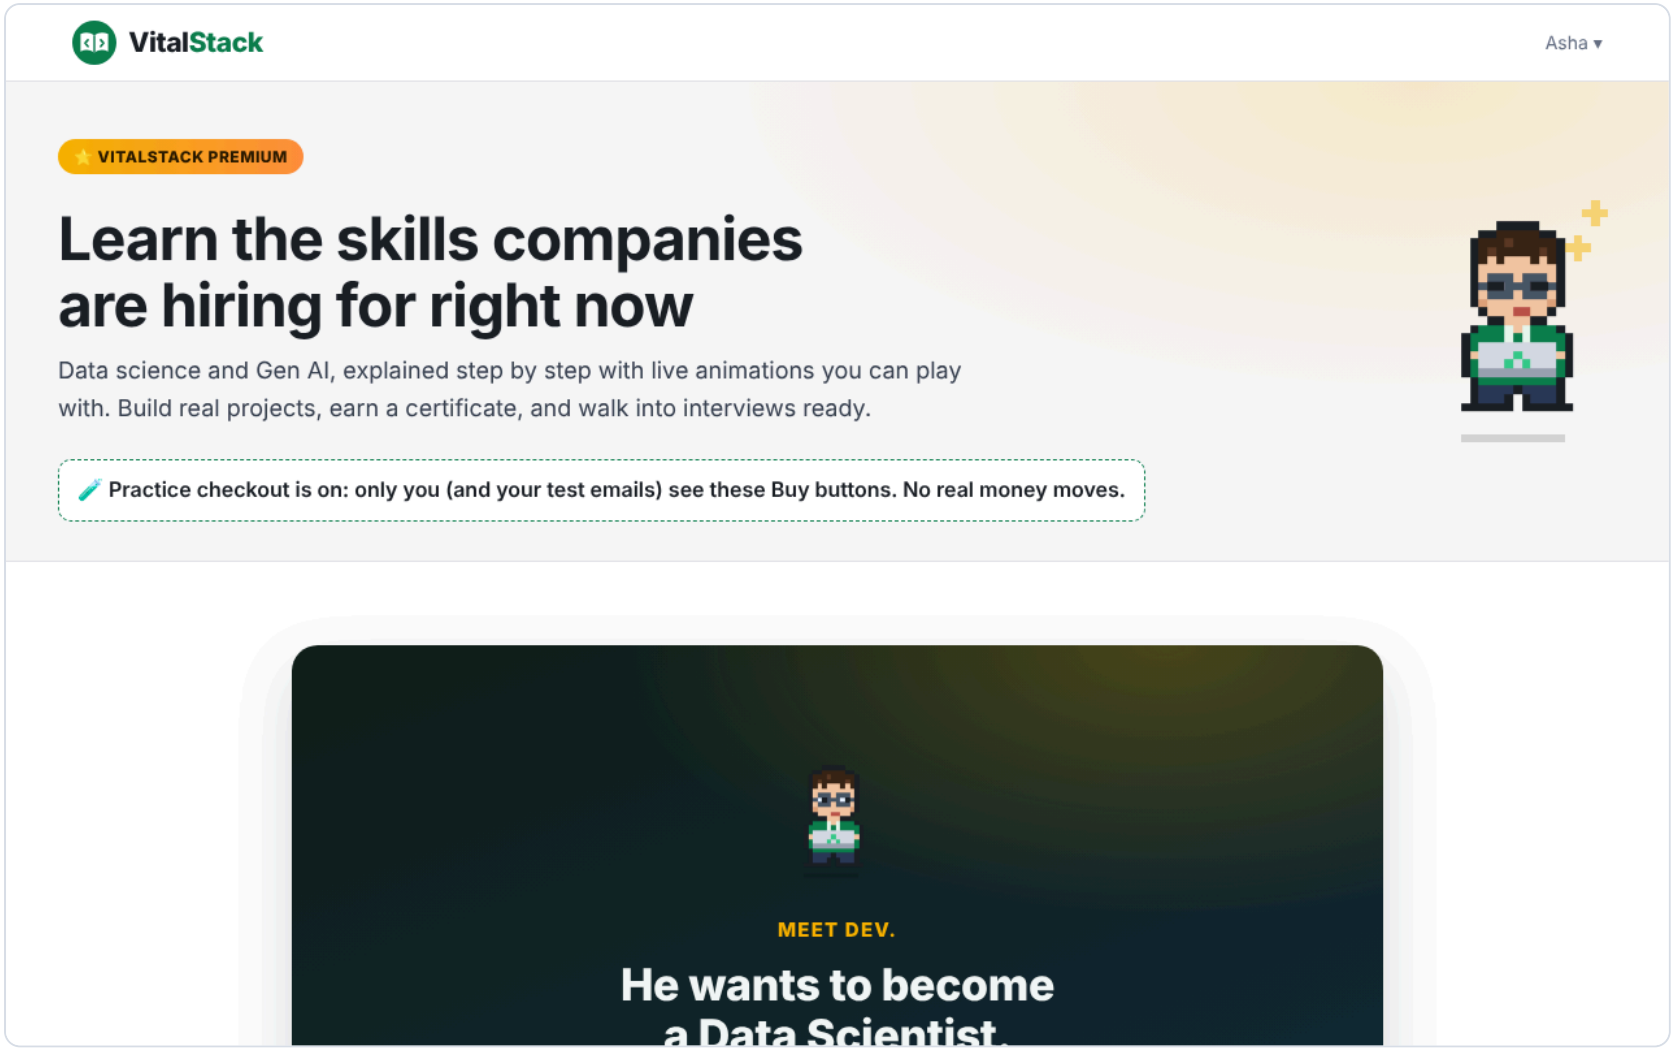

Mobile · 390 px

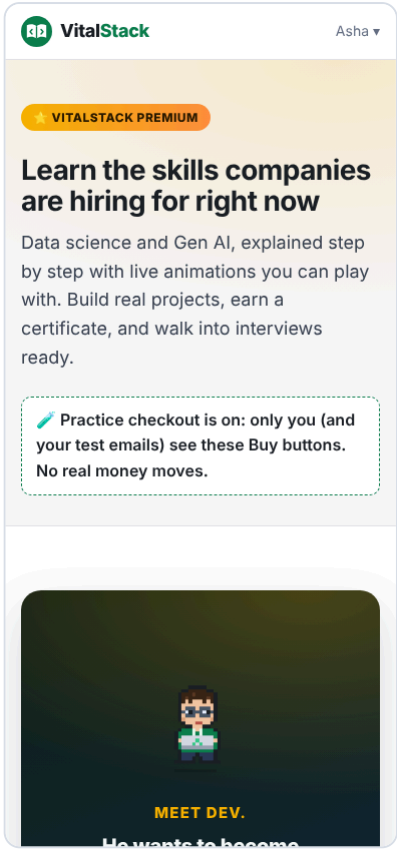

10 Pricing: plans in ₹

Four plans: Pro Monthly ₹399, Career Track ₹1,999 (pick a track), Pro Yearly ₹2,999 (best value), Founder Lifetime ₹6,999 (first 200).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

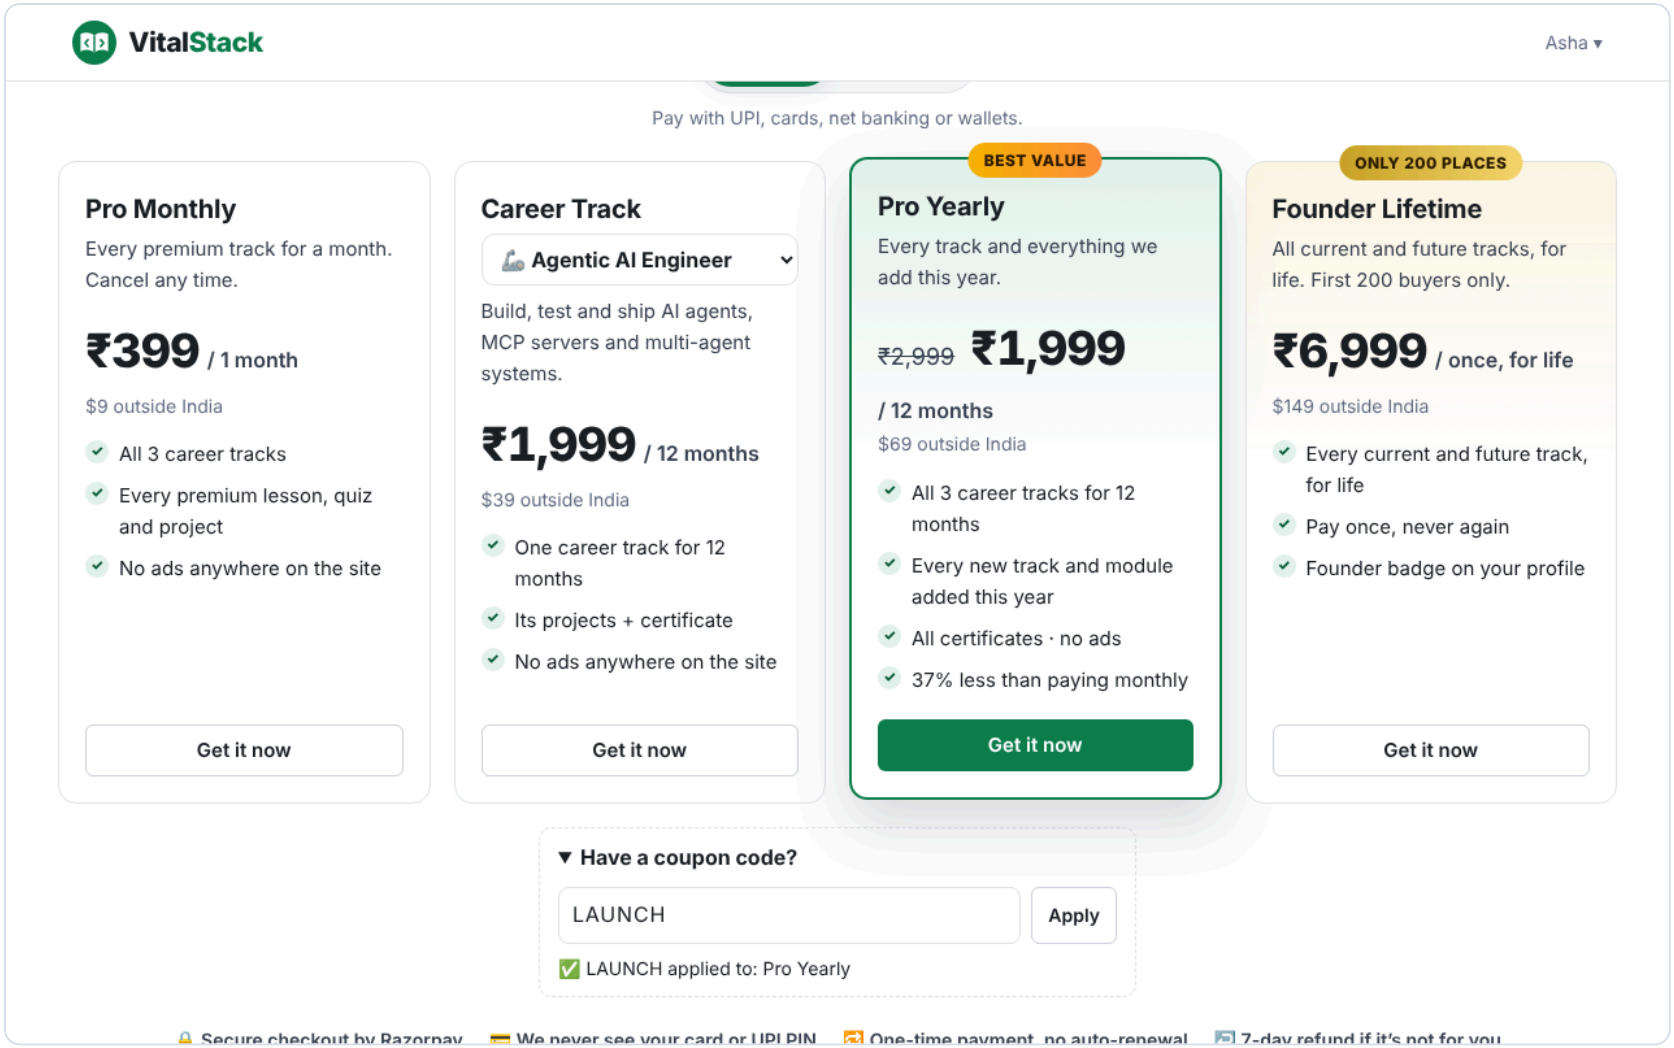

Mobile · 390 px

11 Pricing in $ with a coupon

Currency switched to $, and coupon LAUNCH applied to Pro Yearly (old price struck through).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

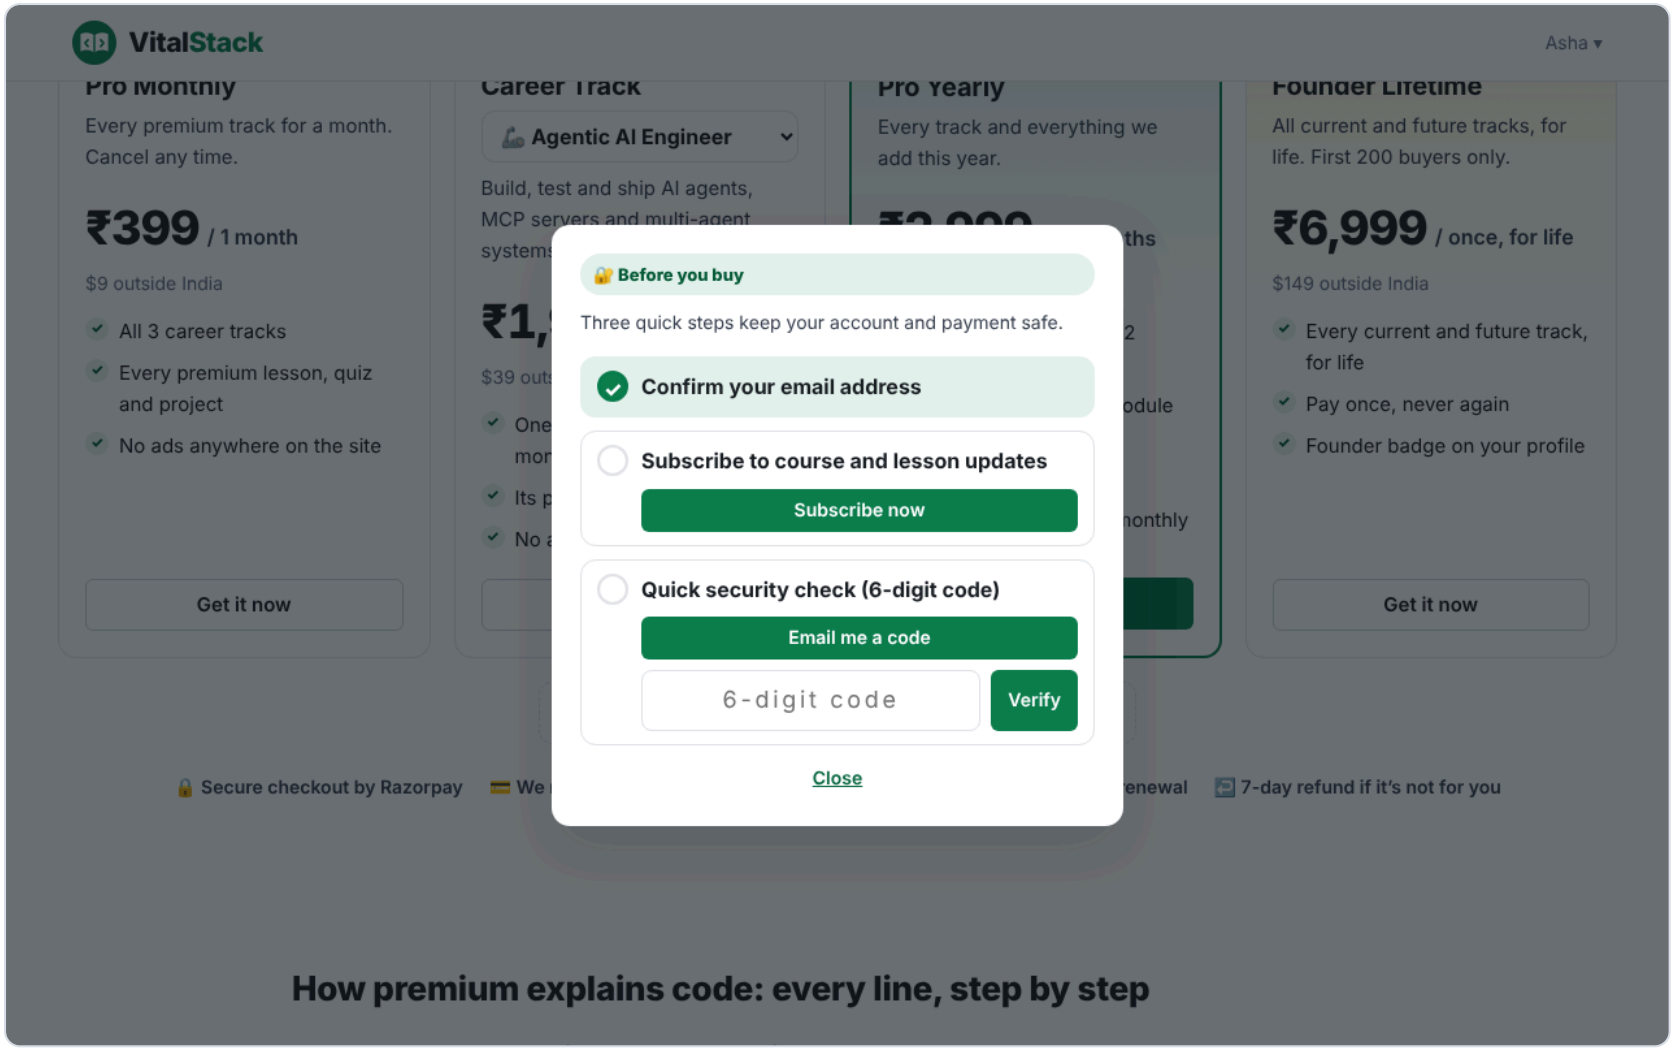

Mobile · 390 px

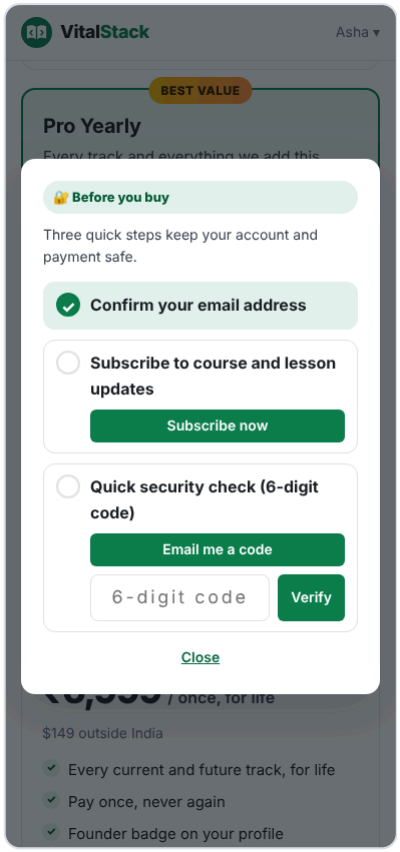

12 "Before you buy" checklist

Before checkout: confirm email, subscribe, and a quick security check. Each missing step is fixed in one tap.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

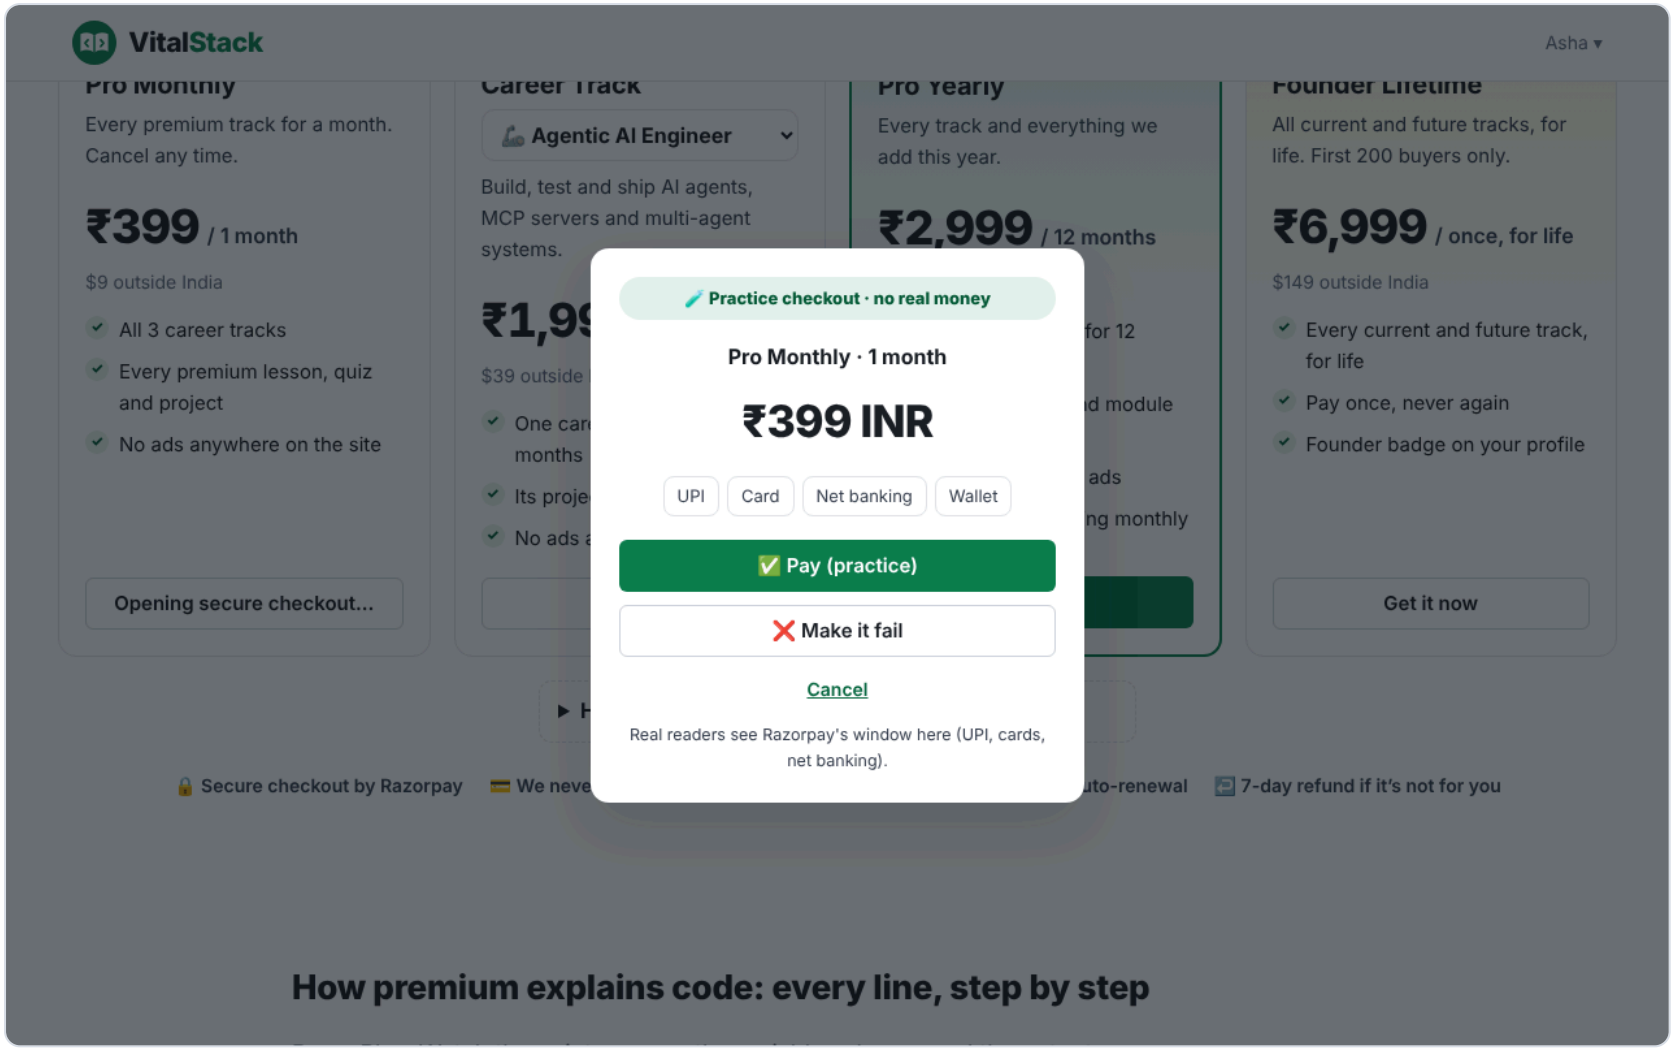

Mobile · 390 px

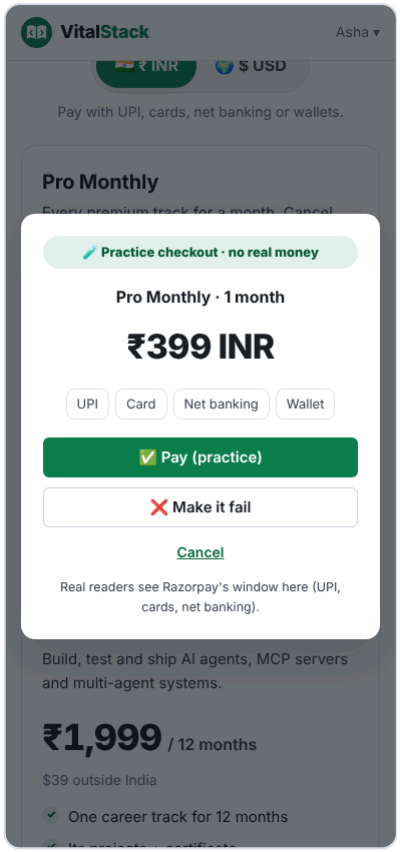

13 Practice checkout (no real money)

Admins and listed testers can test the whole purchase: choose UPI/Card/Net banking/Wallet, then Pay or Make it fail.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

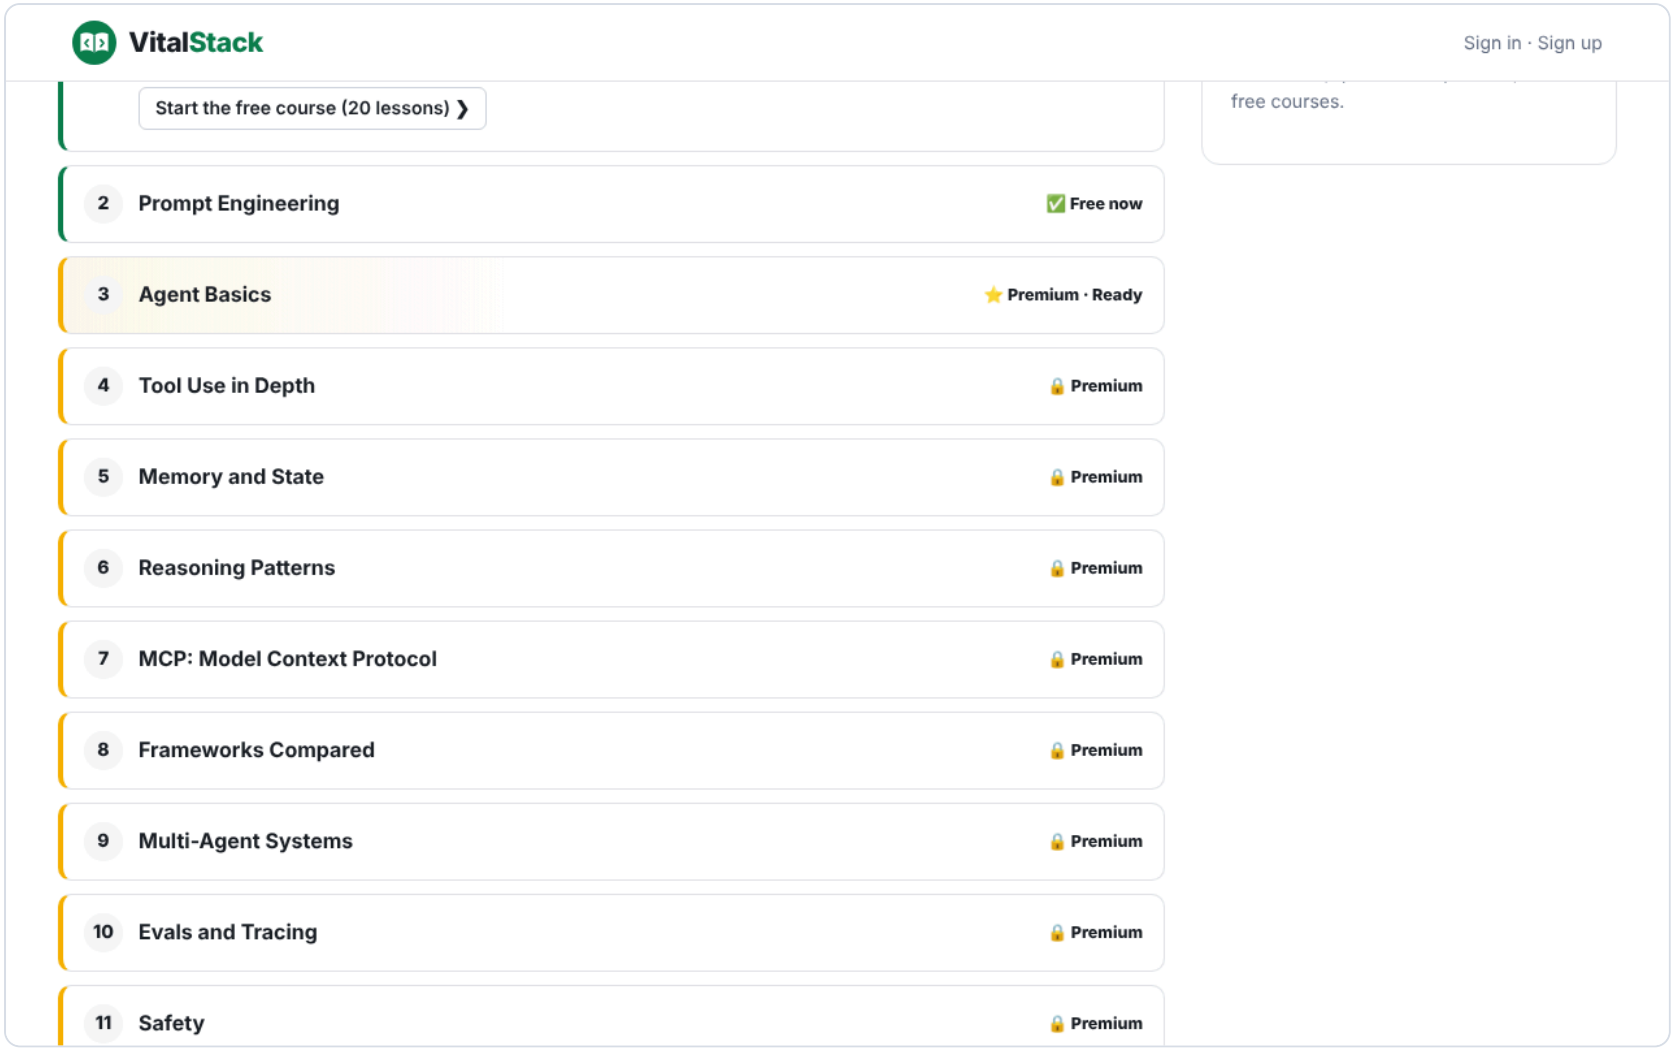

Mobile · 390 px

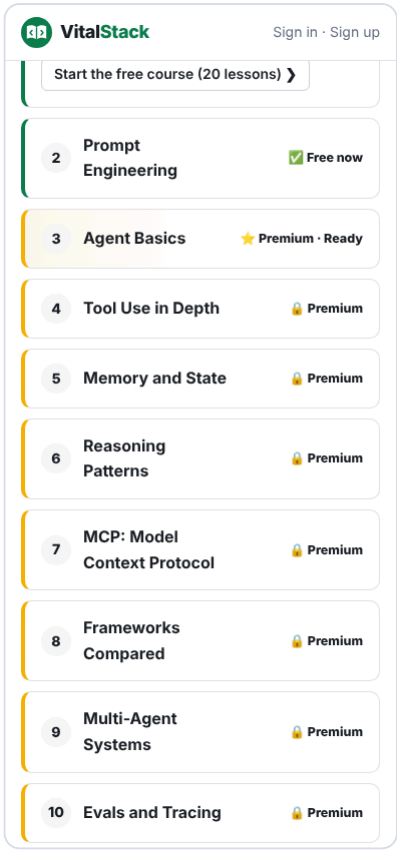

14 Premium track page (not bought)

Agentic AI Engineer syllabus for a visitor: free modules open, the ready premium module is marked ⭐ Ready, the rest 🔒.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

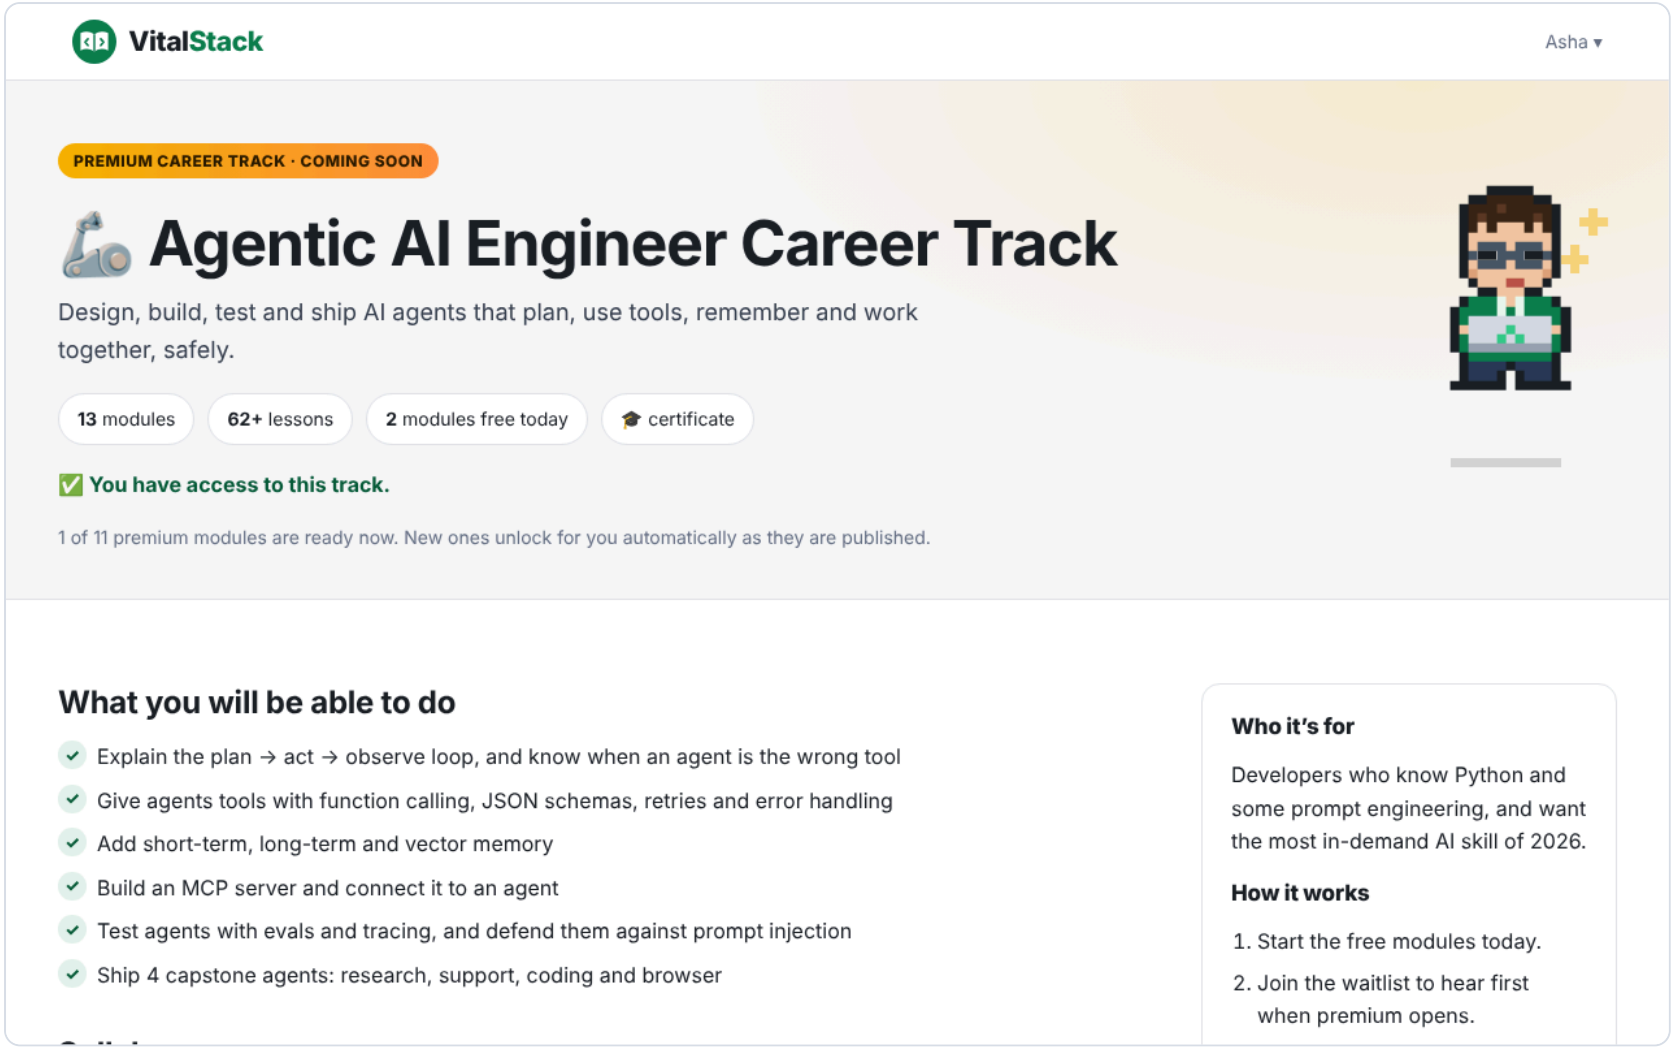

Mobile · 390 px

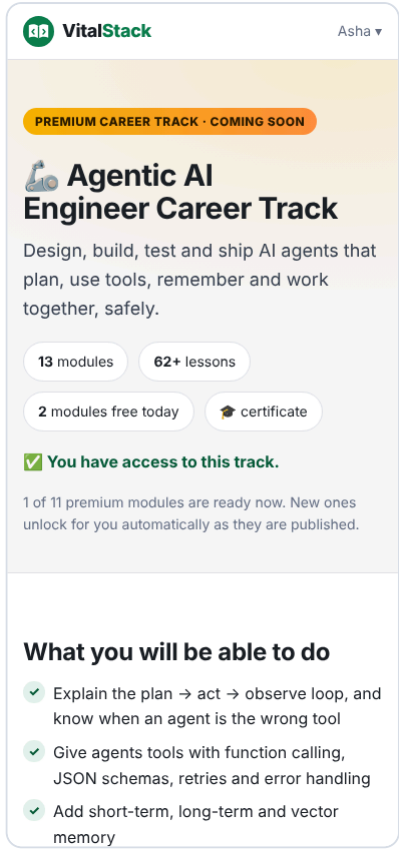

15 FIXED: track page after buying Lifetime

The reported bug: buyers saw 🔒 on every module. Now ready modules say ✅ Unlocked, unwritten ones say 🕒 Coming soon · included, and the top says how many are ready.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

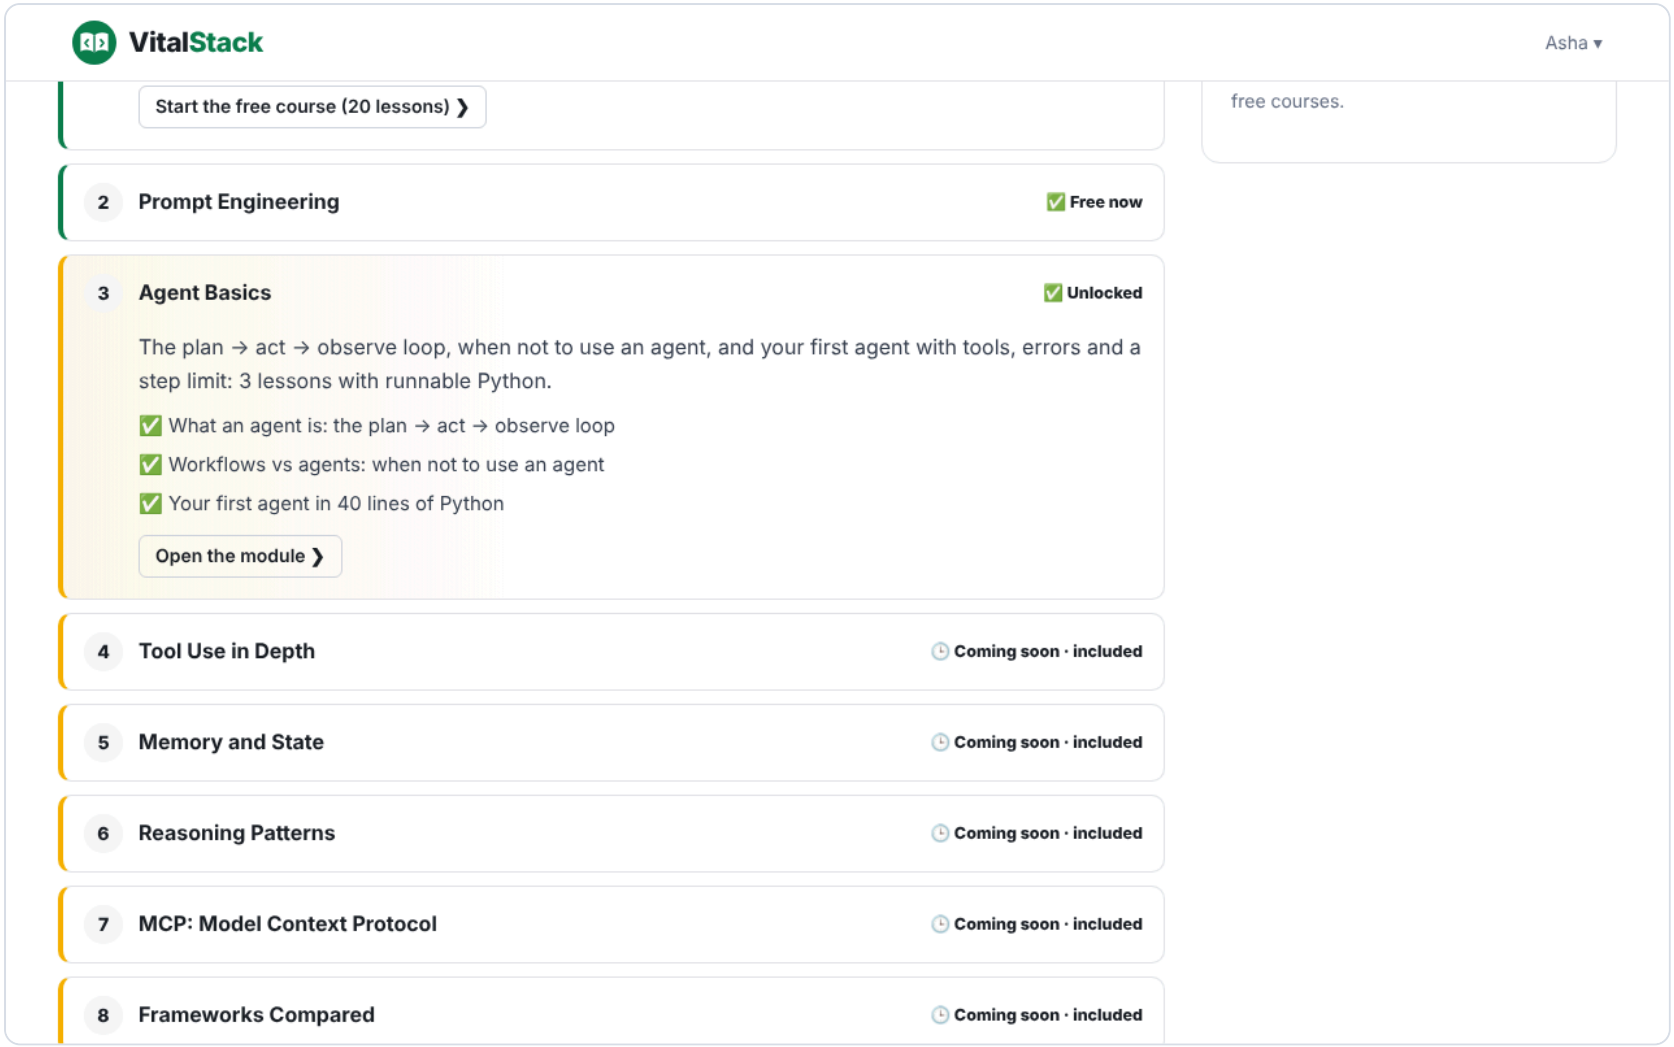

Mobile · 390 px

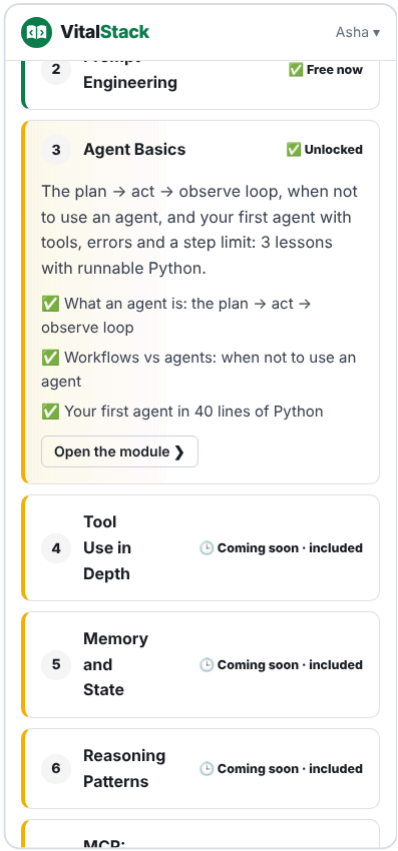

16 FIXED: syllabus for a Lifetime buyer

Module list for the same buyer: no locks anywhere.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

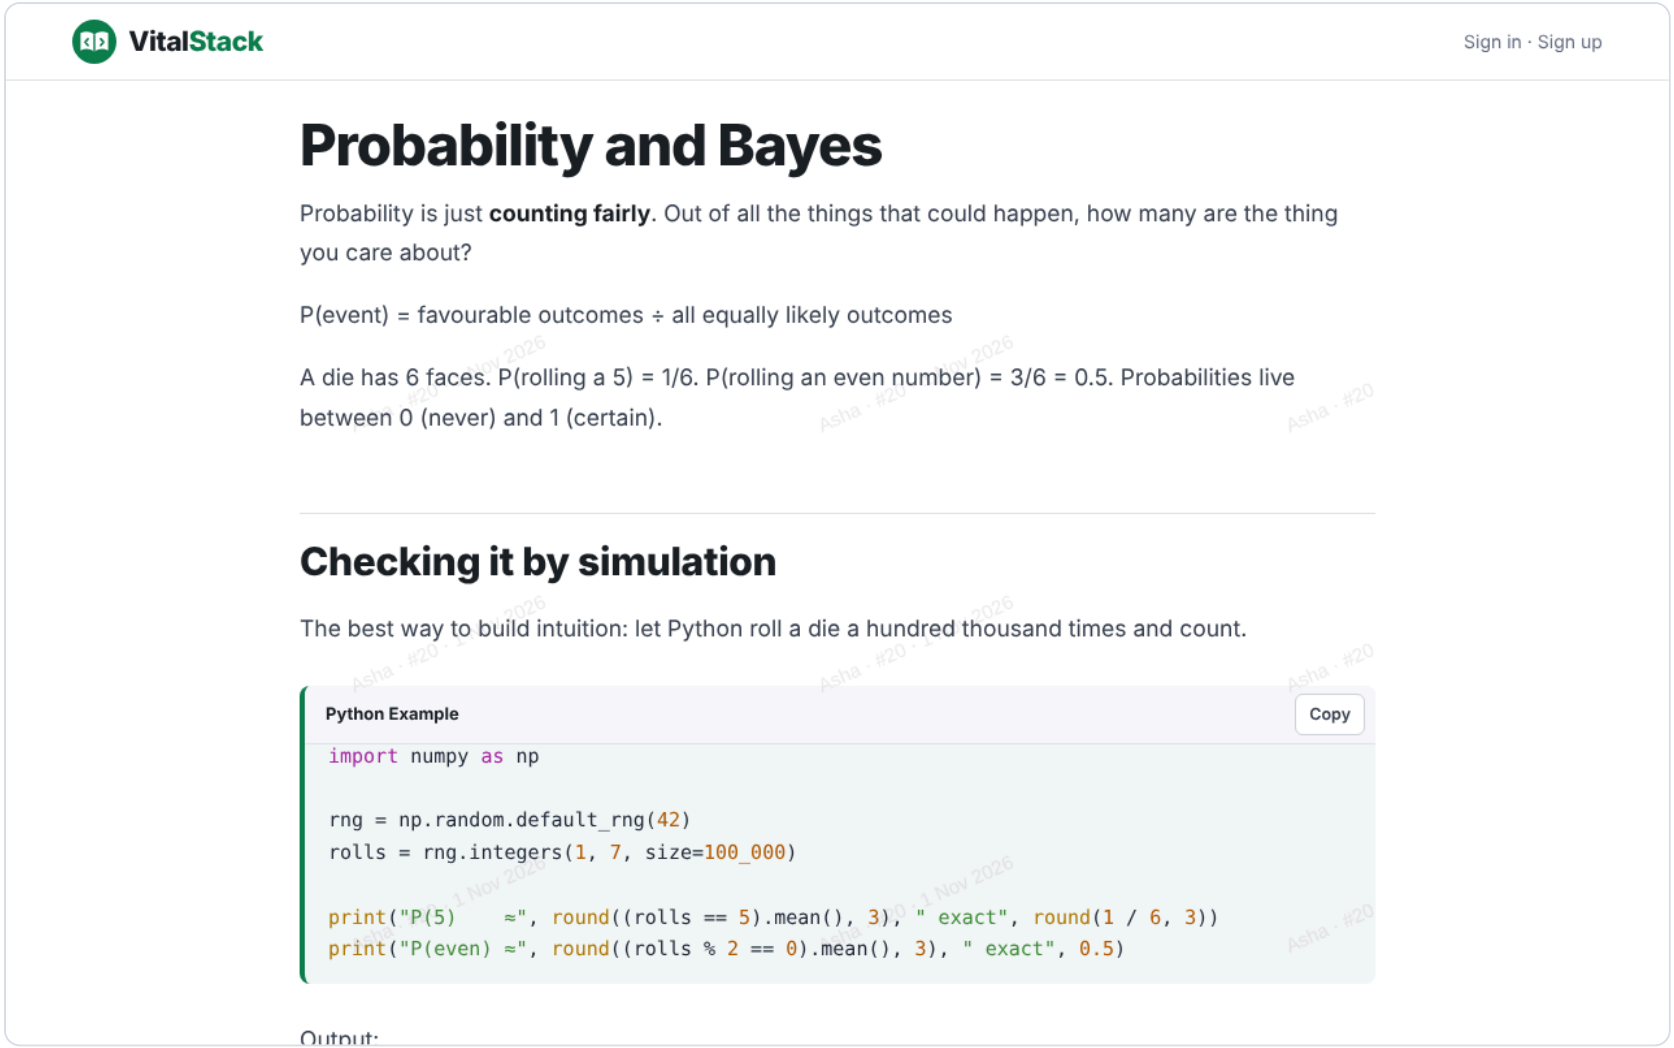

Mobile · 390 px

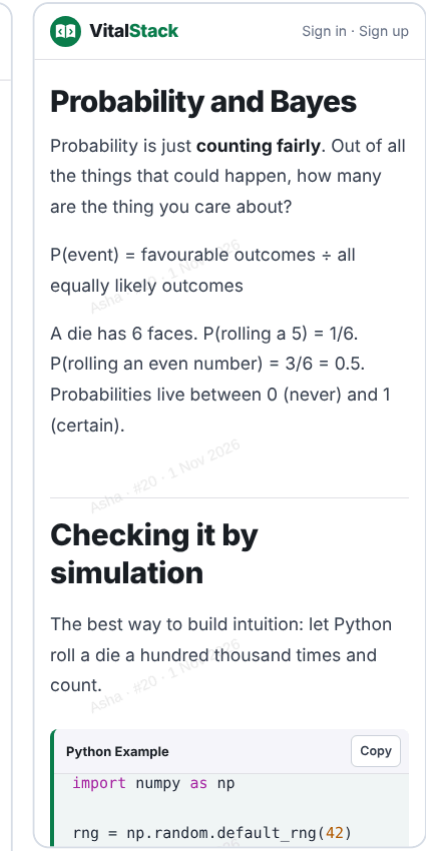

17 Protected premium lesson

Paying readers: text loads from the protected API, faint watermark with name · ID · date, copy/right-click/print blocked (code Copy still works).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

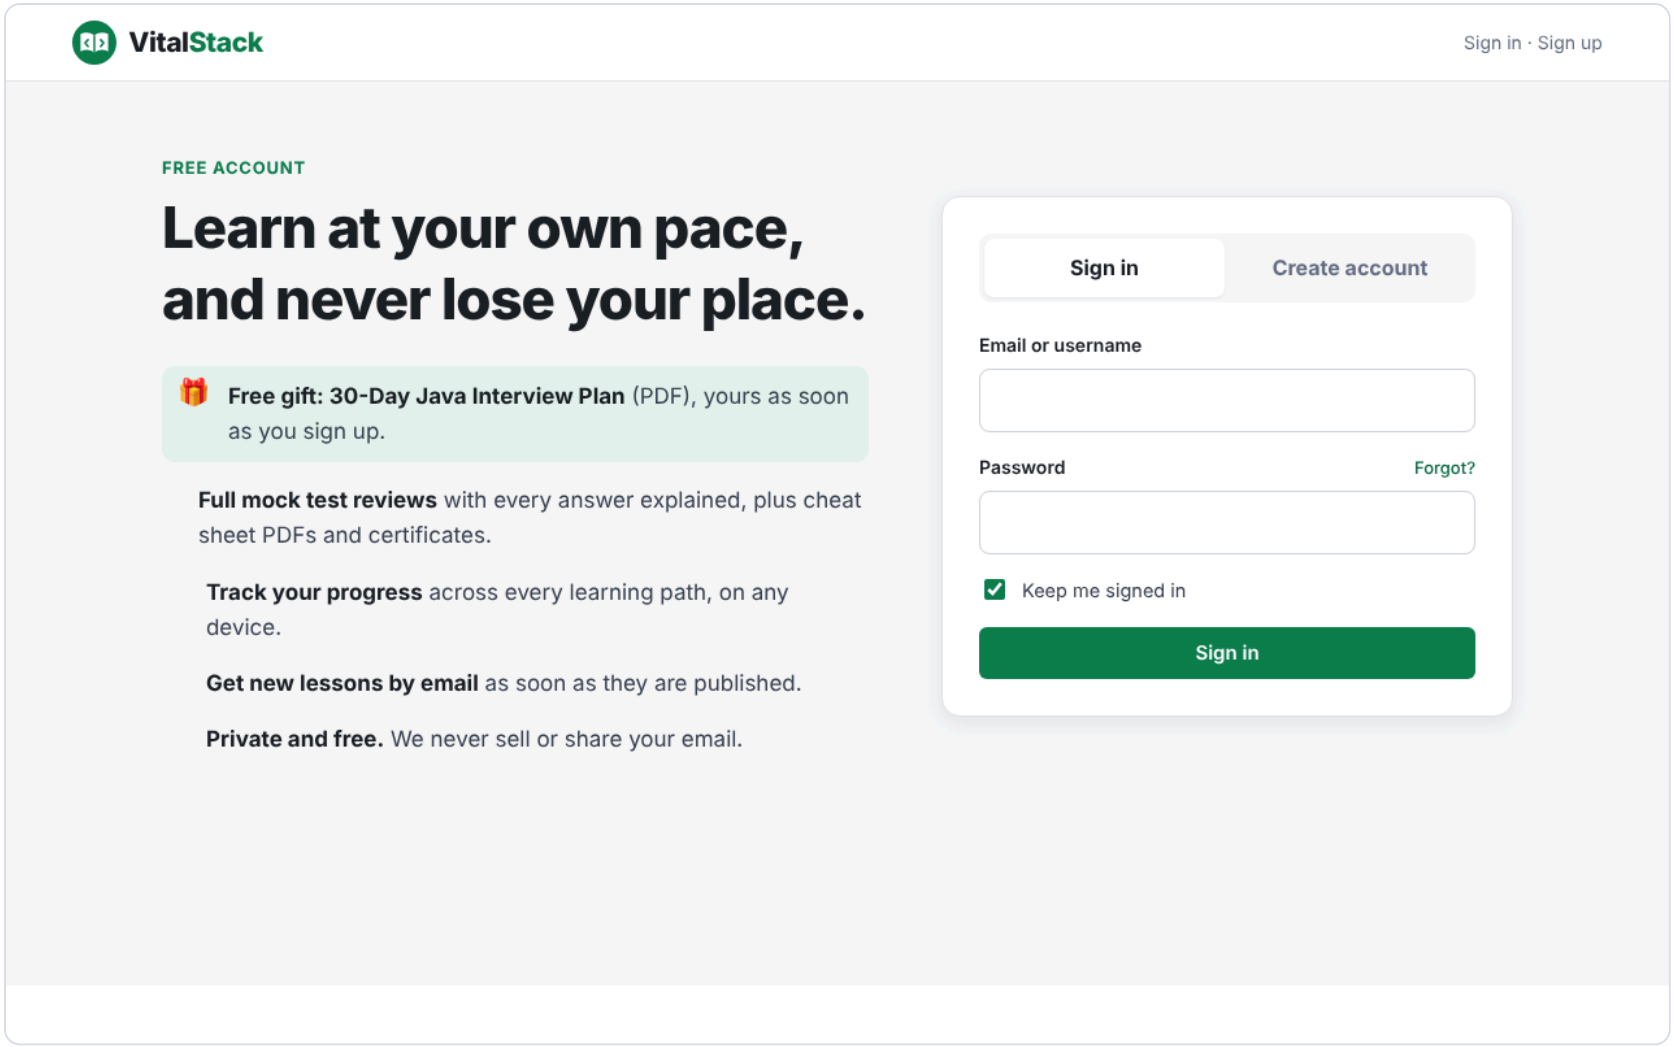

Mobile · 390 px

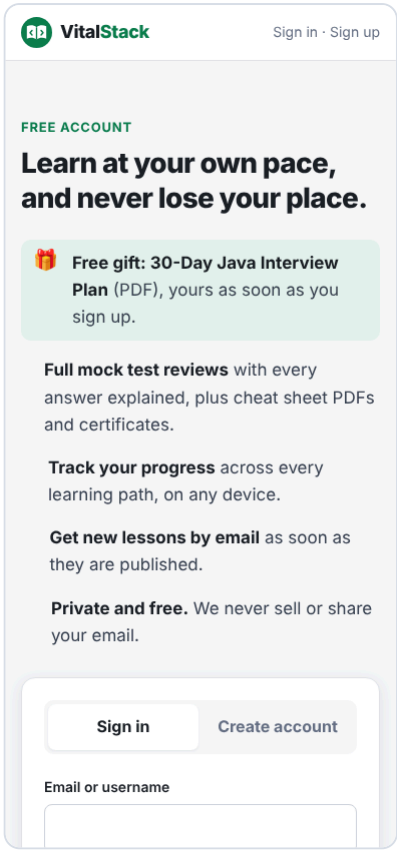

18 Sign in / Sign up

Two tabs only. Sign in = password, then a 6-digit email code (or authenticator app code).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

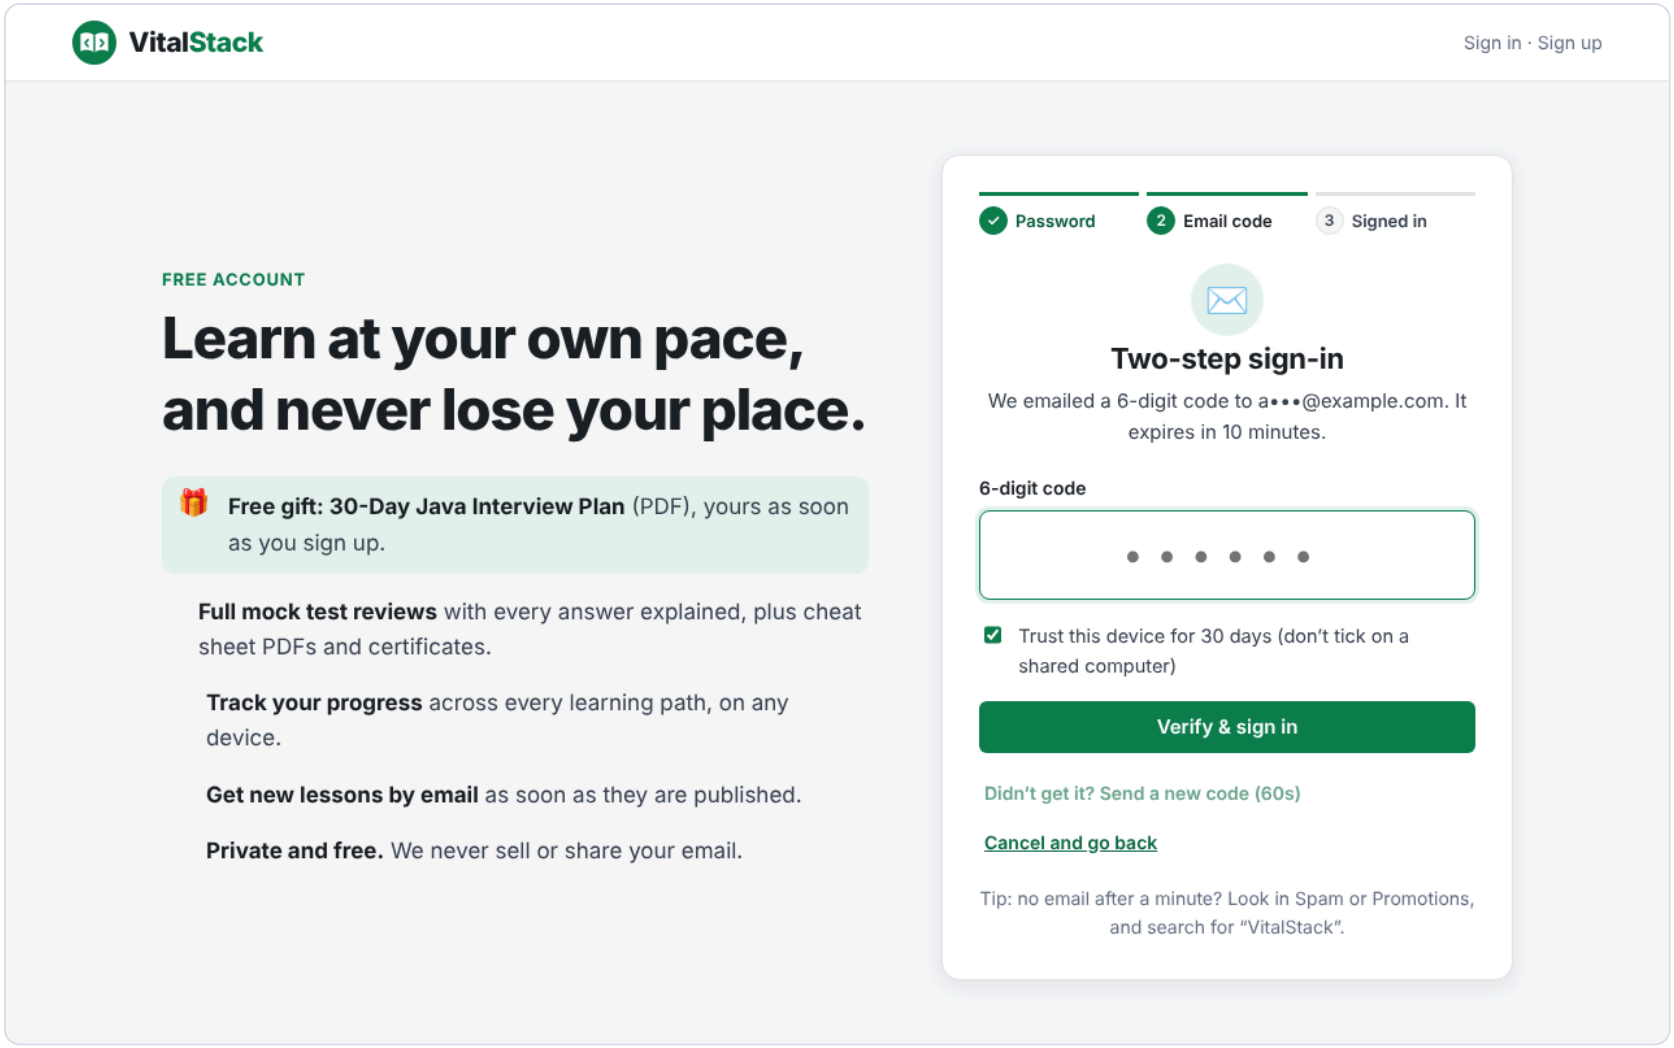

Mobile · 390 px

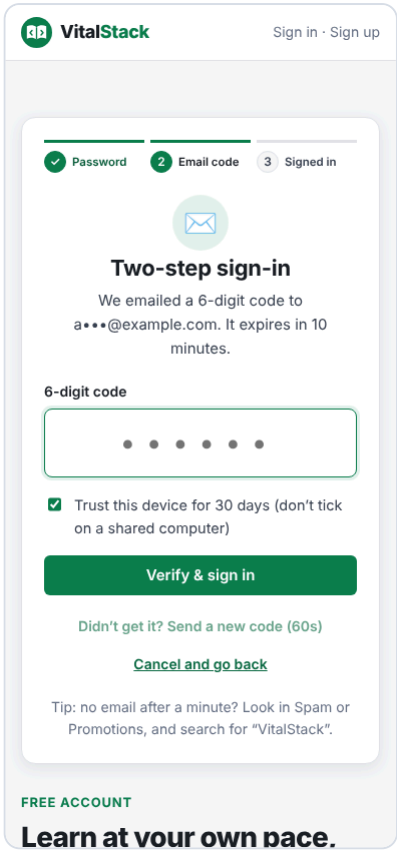

19 Email code step

The 6-digit code screen (digits only, auto-submit at 6, resend timer).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

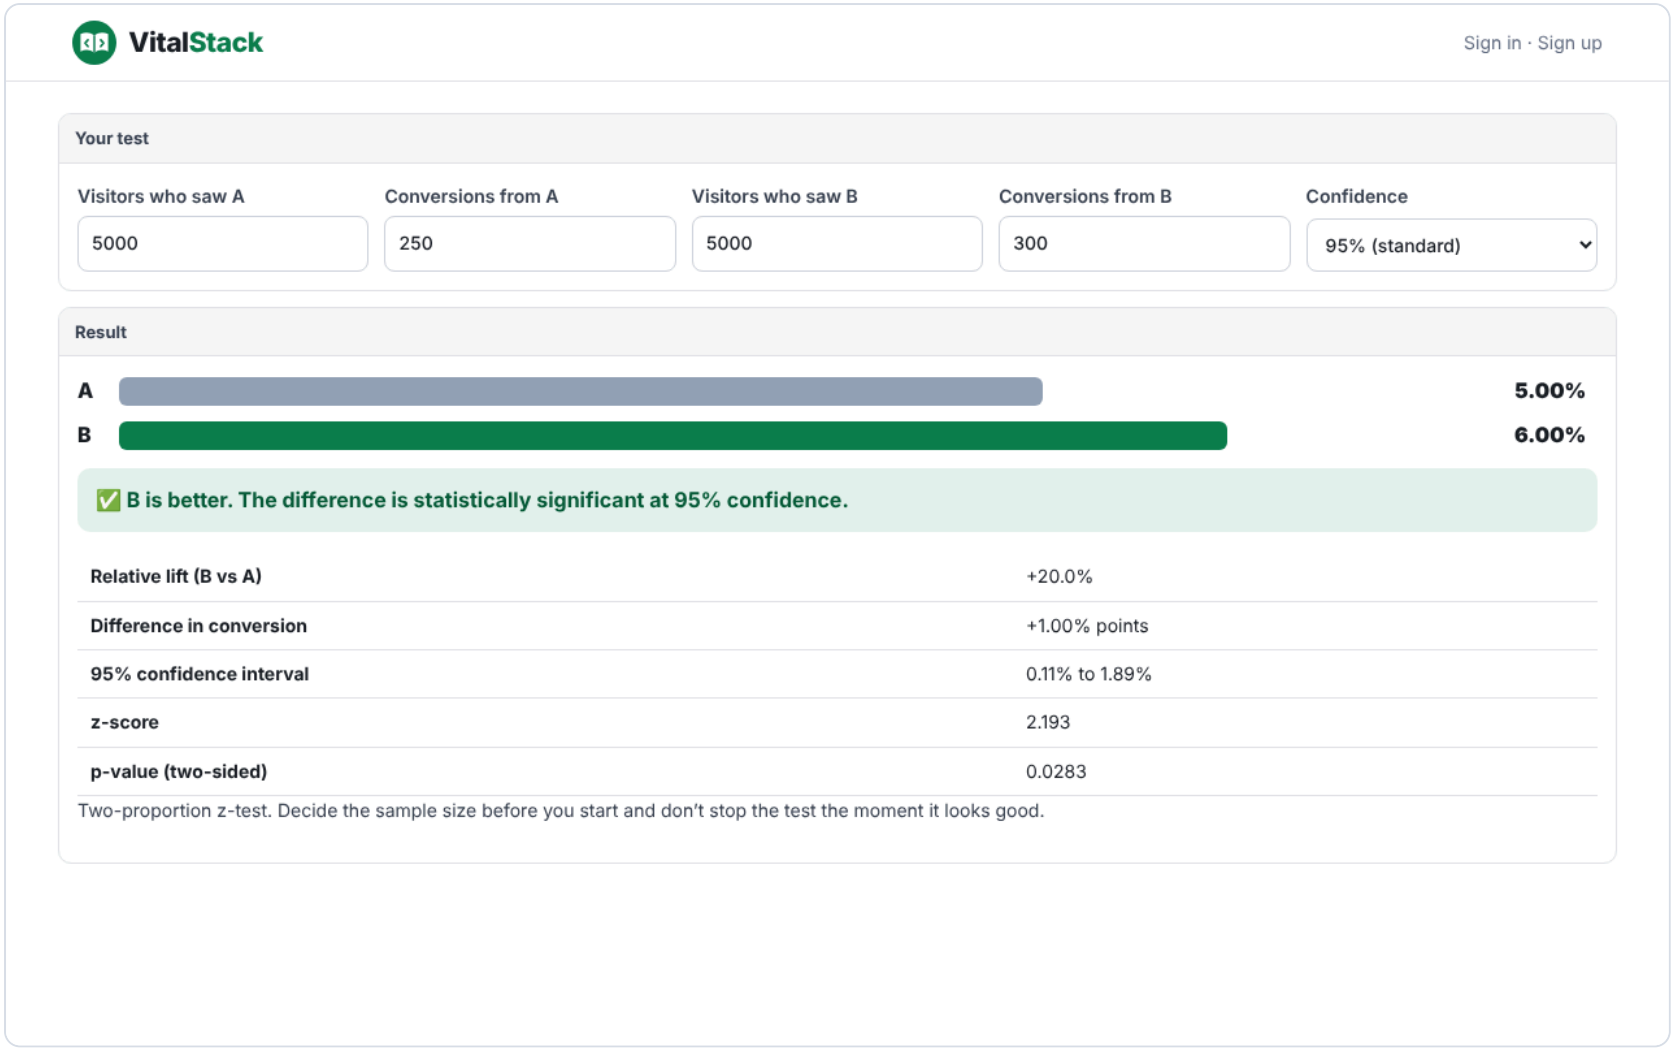

Mobile · 390 px

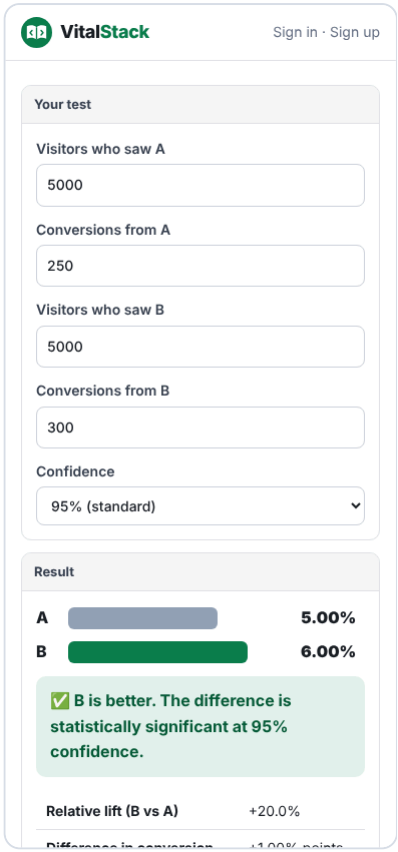

20 Tool: A/B test calculator

One of the free data tools (also: Python with Pandas/NumPy, sample size, CSV explorer, prompt builder).

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

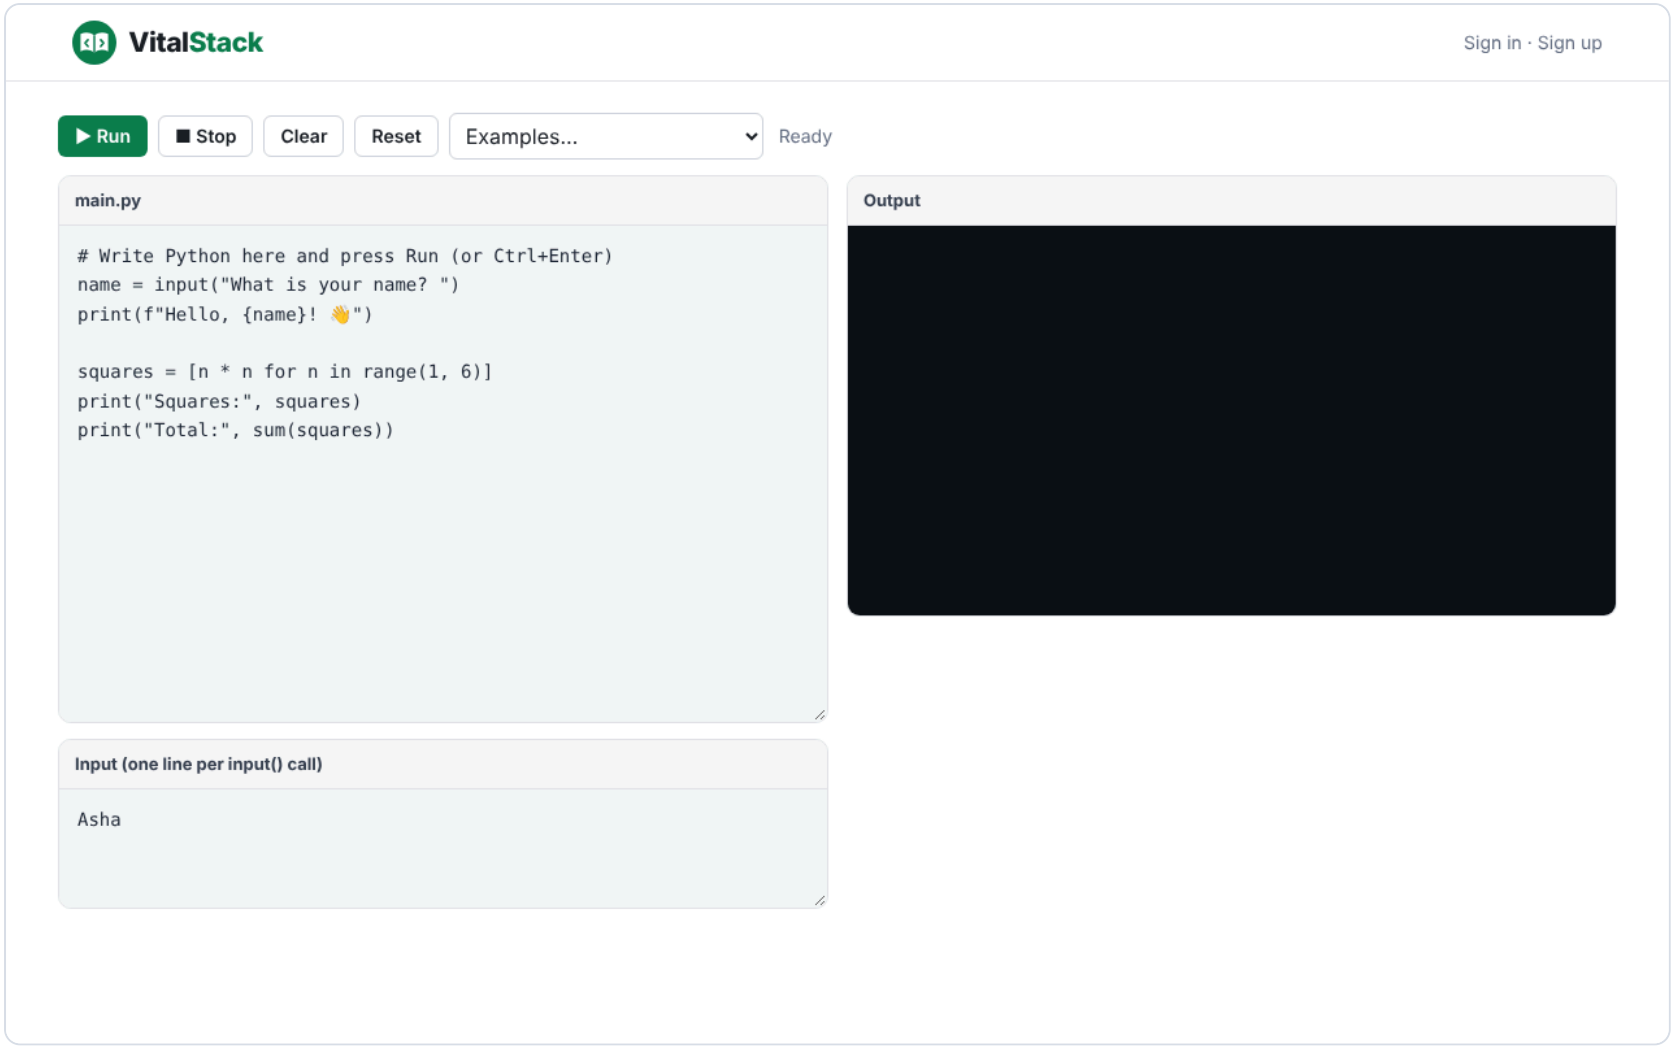

Mobile · 390 px

21 Tool: Python compiler

Runs Python in the browser, with examples to start from.

✅ Checked: no sideways scroll, logo normal, no JS errors

Desktop · 1280 px

Mobile · 390 px
